

CKAN data analyzer

data.gov.ro stats

[gov2-ro/ckan-explorer](#)

API endpoint:

{ckan-instance}/api/3/action/package_list

[data.gov.ro/api/3/action/package_list](#)

{ckan-instance}/api/3/action/package_show?id=<dataset-name>

[data.gov.ro/stats](#)

Daily fetch updated packages

see also [W](#) gov2ro Github Scraping.docx

[Scripts](#)

[Roadmap](#)

[Dev](#)

[UI](#)

[Inspiration](#)

[data.gov.ro datasets](#)

[Instances](#)

Scripts

- **list-packages.py** - reads {ckan_instance}/api/3/action/package_list , saves to data/package-list.json
- **get-stats.py** - loops package-list.json and generates package-stats.csv see `x package-stats.xlsx`
- org-stats - compiles stats for orgs

Roadmap

- ☒ ~~fetch datasets index~~
- ☒ ~~get stats~~
- ☐ compile org stats
- ☐ get timeline - activity, all updates
- ☐ get historical data + check data updates (scraper)
- ☐ get historical stats from data.gov.ro/stats
- ☐ consolidate yearly data

Dev

<ckan-instance>/api/3/action/package_search?q=*&sort=metadata_modified+desc&rows=20
gets last 20 updated docs

organization / datasets / files

UI

- top orgs - show heatmap table timeline (order by versions / last updated / versions last year)
- most active repos

Top Orgs

filter top 50 orgs:

A: by total sum of versions

B: by count of version

A + B (remove duplicates)

filter ultimii 5 ani, ultimul an

Most active repos

longest timespan

most versions

Inspiration

[deathy/data-gov-ro-data-download](#)

[CKAN Instance Analysis](#) - [rossreilypitt/pose-ckan-analysis](#)

[ckan/datapusher](#)

A standalone web service that pushes data files from a CKAN site resources into its DataStore

[Aplicații - data.gov.ro](#)

[BaniiTai.info](#)

data.gov.ro datasets

https://data.gov.ro/api/3/action/package_search?q=*&sort=metadata_modified+desc&rows=20
20 freshest datasets

 [okfn_dataportals.xlsx](#)

see [ckan.org/Showcase](#)

- [data.gov.ro](#)
- [data.gov.md](#)
- [open.toronto.ca](#)
-  US Federal Government - [catalog.data.gov](#)
-  Canadian Government - [open.canada.ca/en/open-data](#)
-  Ontario Government - [data.ontario.ca/](#)
-  Humanitarian Data Exchange - [data.humdata.org/](#)
- [Australian Government](#) - The Australian Government uses CKAN to make available public data from over 800 different organisations.
- [Government of Canada](#) - Tens of thousands of datasets making Canada's governmental data more accessible to everyone.
- [Singapore Government](#) - The Singapore Government uses CKAN as an open data portal for economic, education, environment, finance, and health data.
- [Open Africa](#) - The Open Africa Platform initiative aims to be largest repository of data on the African continent. It is part of the Ujuzi Initiative which is created and funded by the Africa Media Initiative (AMI), the World Bank Institute (WBI) and Google.
- [Open Data Denmark](#) - Open Data DK is an association of Danish municipalities and regions that since 2016 have collaborated to open their data, i.a. on a common open data portal.
- [Helsinki Region](#) - The Helsinki Region Infoshare (HRI) has over 900 datasets. The site has Finnish and English versions, and gives a comprehensive and diverse outlook on a variety of urban phenomena, such as living conditions, economics and well-being, employment and transport.
- [United States Government](#) - The US government announced in January 2013 that they were moving to CKAN for their open data catalogue, combining datasets previously published in different places. The relaunch went live in May 2013.
- [Energi Data Service](#) - Energi Data Service is a free and open data portal where anyone can get data about the Danish energy system such as CO2 emissions and consumption and production data.
- [Humanitarian Data Exchange \(HDX\)](#) - The Humanitarian Data Exchange uses CKAN as a feature that essentially allows organisations working with sensitive data sets to give visibility to their work without sharing the actual data.
- [National Grid ESO Data Portal](#) - The Electricity System Operator Data Portal (ESO) is one of the main custodians of energy data in Great Britain.
- ~~[LEGO®](#) - The office of the CIO for LEGO Group looked to CKAN to implement a proof of concept internal Data Hub as the basis for an internal catalogue for global corporate data holdings.~~
