### Lesson Plan

Level and number of students	30 students' Secondary level
Lesson duration	55 minutes
Aims/ objectives	Students will be able to:  - Learn about the wh- questions and the artificial intelligence
Topic	The use of Artificial Intelligence
Target language	Wh- questions in artificial intelligence
Materials	- Projector  - Cellular  - Tablet
Warm- up (5 min)	The teacher asks the students about artificial intelligence if they have ever used artificial intelligence, if they would use it.

Pre- task (10 min)	Students will watch a video tutorial on how artificial intelligence is used.
During task (10 min)	Students ask questions to the teacher about wh- questions in artificial intelligence.
Post- task (25 min)	Students are going to be in groups in each group and should have a tablet or any device to use the AI to generate various questions to ask the other groups.
Homework (5 min)	Students are going to ask the AI wh- questions about the chosen celebrity, character or person and write/ print the questions they ask and the answers.
