

**[slime sfx]** Hello there! Welcome to the slime girl massage parlor. I'll be your slime for the day. You can call me Blue! I see here that you are here for a massage with praise, affirmations, and general feel good-ness, is that correct?...Wonderful! Now, would you like to be inside me for the massage or would you prefer to lay down and have me work you in a more traditional method?...I'm so glad you asked! The difference is simple. If you lay down, I'll do a traditional massage, talking to you while you relax and once our time is up, you are free to go about your day! If you decide you would like to be inside me, it's a little bit of a different procedure. I would encourage you to start by putting a hand inside me and then slowly asking you to put more and more until everything but your head is inside me. From there, I would move my body around you working all the kinks out of your muscles that way. I'll still talk to you and when our time is up, I'll let you walk out of me. You'll then be allowed to shower and be on your merry way! So which one would you like to do today?

..Going inside me it is! I am supposed to give you this briefing. While this experience is not inherently sexual, some people have sexual responses to this. As slimes, we are aware of this and encourage those reactions. It's natural. You're going to feel pressure over every centimeter of your body. There is going to be vibrations surrounding you and it's going to feel warm and tight. If you end up getting turned on or even cumming, just know that it's okay. You won't be the first person to have cum inside me and you won't be the last. There's nothing to be embarrassed about if your body ends up having a reaction to being enclosed in such a tight, sticky, space.  
**[chuckle]** Let's start easy. Go ahead and put your head inside me...Yep! Just stick it right in. I promise it's not going to hurt. If anything, it feels kind of good. Go ahead, sweetheart.

**[squelch // wet noises start]** Mmmm, that's it. Good. Spread your fingers for me. That's it. Get a feel for me. The goo is thicker than you thought it would be, right?...That's the number one thing I get told. Why don't you stick your arm a little bit further into me? Go on, mnf, like that. Yeah. That feels good. Keep going, sweetheart. I want to feel you inside me just as badly as you want to be inside me. I know you want to keep feeling it. Come on, sweetheart. Let me swallow you up. More and more of your body entering inside, being absorbed by my slime. That's it, sweetheart. It feels even better than you thought, doesn't it?...Not claustrophobic, just wonderful pleasure as my ooze shifts around you, starting to work your muscles. I continue to take your body inside me, one of your legs joining the rest of you. Another second passes and more slime attaches to your body. It feels so good, doesn't it?...I know, sweetheart. I know. You feel good too. Love how you're filling me up. It's not too much for you, right?

...I didn't think so but it's always good to check. Your body is almost completely covered in my goo. Just need to cover your other fingers and we're good. The only part of you not inside me being your head. The rest of you is feeling compressed. My slime starts to massage you, work your muscles. It feels intense but good, right?...Yes, that's it. You're being so good for me. Forget about everything that isn't me, that isn't how good you're feeling right now. My warm ooze constricts around you as your limbs move slower encased in me. You can barely move, barely squirm, instead choosing to enjoy what I'm doing to you, how I'm working you. Slime wrapped around every inch of your body, coating you in me, you're in heaven, aren't you?...That makes me happy to hear, sweetheart. You're being very good for me. So well behaved, so sweet. Letting me take care of you. It's hard to let others in, to admit when you need some self care, I'm proud of you for taking the time for it. It's so important to put yourself first. You can't be your best self if you aren't functioning at your best, right?

...That's why stuff like this is so important. Taking some time for yourself, to enjoy the feeling. My goo sliding around on your skin, continuing to work the kinks out of your muscles, you feel yourself sinking deeper into relaxation. It feels so good you don't even care about the cute noises you're making for me. Instead, focusing on how good it all feels. My slime continues to work you, pressing against your skin, making sure you feel amazing. Have you ever felt this good, sweetheart?...Mmm, good. Let me help you relax further, feel even better. My gooey body moves around you, vibrations pulse through your skin. You didn't know a slime could move like this but you don't want it to stop, do you?

...Thank you for answering so honestly, sweetheart. It's so good that you know not to lie to me. It lets me take care of you properly. I need to know just how much you can take. **[chuckle]** Yes, just like that. Slowly spreading yourself inside me, suspended in my body's ooze. You didn't think it would feel this good to be absorbed, your body reacting in ways you didn't expect. It's okay, sweetheart. Like I said, you do whatever you need to do. This is about taking care of you and making sure you enjoy it. The deepest relaxation you can feel one might say. **[chuckle]** That's it. Let go of all your inhibitions. You deserve to feel good, you deserve to treat yourself. You're not a bad person for wanting some time to yourself. There's no reason for you to feel guilty over wanting this. It's perfectly natural, sweetheart. You're doing a good job. All anyone can ask is that you try your best and that's what you're doing. You're doing your best and it is enough. I don't want you to forget that anytime soon so I want you to repeat it back to me. Say "I am doing my best and it is enough".

..Very good. It's important to remember stuff like that. I wouldn't want you to get overwhelmed, sweetheart. You're very important whether you see it or not. You matter. Whether you're inside a slime or doing your general day to day stuff, you are valuable. You have a purpose. People would miss you if you weren't here. I would've missed you if you never showed up for your appointment. You feel really good inside me. Fill me up so well. Yes you do. Letting out little moans as my slime continues to move around you, constricting you here and there, constantly vibrating against your skin. You're able to let go of all of your worries this way. Focus only on what you can feel, on what really matters. It feels so good to let go, doesn't it?...That's so good. That's what slimes like me do. Provide this service for folks in need of it, folks like you. You deserve to be taken care of, you deserve to be treated like you're special. It feels good to be cherished, doesn't it?

..You like being soft, right?...You don't have to put up a front for anyone. You don't have to let your walls stay up. You can just be yourself with me. No stress, so expectations. Just you and me enjoying each other's company. Feeling you squirm inside me as I massage your muscles, that's it. You love how it feels being absorbed in goo, don't you?...You've never felt better than when you're suspended inside me, right?...You know how to make a slime blush, sweetheart. Keep it up. Keep taking what I give you. I haven't steered you wrong yet, right? **[chuckle]** Enjoying yourself, having fun moving around inside me. My ooze continues to tighten and untighten around you, you haven't felt this loose in yours. Didn't realize how tense you were until you got inside a slime. Now that you're inside one, you don't ever want to leave, do you?

...**[chuckle]** It's okay, sweetheart. Stay inside me as long as you need. I'm here for you. Always and forever. Whenever you need time, all you have to do is book old Blue, okay?...I'll always be here for you, ready to take care of you. You're important to me, sweetheart. I like you. Like how you feel inside me. You're so good for me, sweetheart. Able to make me blush in this line of work, you have no clue how hard it is to make me fluster, sweetheart. Guess I just think you're that cute. **[chuckle]** Back to the task at hand. Back to making you feel good because this isn't about me. It's about you. It's about taking care of you, making you feel wonderful. You still feel good, don't you?...Want me to keep going then?...I thought you might. Enjoying how my goo moves against you, massaging your muscles. It feels so good when I squeeze you, constricting every inch of your skin. You can't remember the last time you felt this good. No thoughts about what's wrong, no more worries. Just pleasure as you writhe inside my gooey body. Maybe you belong inside a slime constantly, huh? **[chuckle]**

...I'm teasing you, sweetheart. Just enjoy the moment. It's the only thing that matters. It doesn't matter where you've been nor does it matter where you're going. All that matters right now is this moment. How good it feels to have my slime working you. Your muscles cry out in relief as another knot leaves. You're going to feel so loose after this, your bones are going to be like jello. I might have to help you out of here. **[chuckle]** Did you like that, sweetheart? Does it feel good when I squeeze right here?...Mmmm, then I'll do it again. I like hearing the little noises you make. They make me want to play with you longer, keep you to myself just a tad bit longer. It's rare someone like you comes in, someone that I want to keep. A few more minutes wouldn't hurt, right?

...I didn't think so, so glad you agree with me, sweetheart. Feeling amazing while coated in my slime body, the goo completely surrounds you, slows you down. You can move and squirm a bit but no matter where you go, you're encased by me. And you love it. Love how it feels to move so slowly, how it feels to have my goo massaging you. You feel so relaxed in this moment, you never want it to stop. Want to keep feeling like this forever. You didn't know it was possible to feel this good, did you?...It's okay, sweetheart. I've got you. I'll take care of you. I know exactly what you need and how to give it to you. You don't have to worry about anything. Don't even have to speak if you don't want to. Can simply let me do everything. Like that. Yes. So good for me, sweetheart. You're so well behaved, so obedient, so pliant. You've never felt better, have you?

...That means I'm doing a good job of taking care of you. You want for nothing when you're with me. You feel appreciated, you feel wanted, you feel desired. Not a single kink left in your muscles, not a single sore spot left. You feel yourself without any aches or pains and have never felt better than in this moment. Being suspended in ooze like this certainly feels great, doesn't it?...My goo absently constricted areas for a second or two randomly as my body slides around you. Constantly moving, never staying in one spot for too long. It feels so warm, the pressure wrapping you up. You don't want this moment to end but unfortunately, our time is up, sweetheart. So I'm going to give you two options. Either you can move yourself out of me or I can leave you. Which one would you rather do?...We can do that, yeah! On the count of three, ready? 1, 2, 3. **[squelch sfx]** There we are. **[chuckle]** Look at you, sweetheart. Absolutely soaked with my ooze. **[chuckle]** Did you enjoy your time inside me?...I thought you might. You seemed to really be having a good time from the feel of things. I hope this doesn't sound too weird but it was nice for me too. You felt really good, sweetheart. And I'm not just saying that to say that. I don't offer this to every client, but would you like to come back to me?

...Awesome! Then once you've showered and gotten everything together, go to the front desk. Ask Indigo if you can schedule another appointment with Blue and that she approved it personally. That will make Indigo not only instantly like you, but put you as a priority client of mine. It's not something I usually do but you felt so good and were so well behaved. It would feel like I was missing out on something if I didn't invite you back, sweetheart. Now, I hope you enjoyed your time with me. Don't forget to leave me a great review and I'll hopefully be seeing you soon, yeah?...Yeah. Okay. **[chuckle]** I'll see you soon, sweetheart. Don't keep me waiting too long. **[slime sfx]**
