Hi , Am I on the line with XYXX FROM XX

Prospect- Yes, who's on the line?

Good afternoon XYXX, this is Abdul from Daanmatch, how are you doing?

Prospect-I am good/ ok

That's great to hear!

Prospect-Yes, tell me?

The reason I am reaching out to you is regarding your work with NGONAME.
Daanmatch is an upcoming NGO funding platform, and we want to facilitate your ngo with access to verified funding.

Prospect-Tell me? How do you do this?

We help NGOs present their work to donors using advanced technologies to help compete with large players. Our goal is to support your technology and use that to find more donors for you.

Prospect- How does this happen?

Our team will get on a call with you to understand how they can help. Can we arrange a call for next week?

Prospect- Okay
