

Tina Lee Di Carlo Memorial Scholarship

\$ 250.00 \$

Brief description of the scholarship:

Tina Di Carlo (my mother) was a quadriplegic at the age of 17. She was all about giving back to her community, and her church. She always has put other people's lives before hers. She was determined to find the good in people even if they did not know it themselves. Wherever she went people knew her because of her generosity and her enormous personality. Tina has suffered a lot during her lifetime. At the age of 17, she got into a horrific car accident that made her a quadriplegic, and because of that, she suffered many heart attacks, strokes, and brain hemorrhages. Throughout everything that has happened to her, she still managed to see the bright side of everything that she did. Her motivation kept her going. Unfortunately, she passed away on September 4th, 2009 due to a brain hemorrhage.

This Scholarship will be awarded to someone going into the medical field.

Please write a 1-page paper about how you have given back to the community, why you want to go into the medical field, and something that has happened in your life that was life-changing that you managed to overcome.

Application and documents must be sent by April 3, 2026, to:

**Michael Di Carlo
531 Indian Head St.
Hanson, MA 02341**

Please attach 3 letters of recommendation, a final transcript, and a resume.
