1. Simplified Titles
Titles don't have to be the exact title from the video, because you would run out of title space. Instead, make simplified versions of the titles (that are still recognizable as that video title)

Example:

'THE PRESIDENT VISITS MCDONALD'S! - Gmod George Bush Mod (Garry's Mod)'
→ 'Video Notes: President Visits McDonald's'

If the video is a part of a series, put that at the start of the title (abbreviate if necessary)

Example 1:

'THE ADVENTURE BEGINS! - A MINECRAFT TALE: Season 2 Ep. 1'
→ 'Video Notes: AMT S2 E1'

Example 2:

'LEGOLAS! - Gmod Murder Siblings 9'
→ 'Video Notes: Murder 9; Legolas'

---

2. Game / Gamemode
Name which game or game-mode the video is set in

Example for *'Psycho Survivor L4D'*:
Psycho Survivor Gamemode (Left 4 Dead)

Example for *'Haunted By Cardboard Friend'*:
Gmod (Roleplay)

Example for *'The Horror Continues'*:
Gmod (Horror Map)

---

3. Which Characters / Common Quotes
If a character is in the video, named, talked about, etc., list them at the top or bottom of the page (even if it's a one-off character or barely mentioned)

- List who the character is played by in the video (real name or screen-name); if they're only mentioned, just put "mentioned" instead of a Sibling)
    - Siblings can be abbreviated
        - J or VT = Jordan
        - C or IK = Cierra
        - B or FP = Bethany
        - I or HG = Isaac

- Jess or J42 = Jessica / Javott42
  - If anyone else is on the channel, write out their name
- Do not abbreviate the characters' names, as that can become confusing
- If a common quote is said (for example: "As they say in Spain" or "Snickers"), put it with this list
- It doesn't really matter what order the characters are in
  - If you want, you can put them into alphabetical or appearance order, but it really doesn't matter to me

Example from Haunted By FNAF:
Characters
- (J) Johnny Ghost
- (C) Johnny Toast
- (B) Swift Taylor
- (HG) FNAF Animatronics: Bonnie, Golden Freddy
- (HG) Billy Acachalla
- (mentioned) Papa Acachalla

---

4. Timestamps
- *Timestamps should be as close to the actual time as possible; please do not try to approximate if you can avoid it*
- *Timestamps are for when the lore/trivia/event starts (you don't have to write the start and end times, only the starting time)*

  Bad **Example:**   **Good** **Example:**
  3 mins in - [Info]   *3:01 - [Info]*

---

5. Lore / Trivia / Event
- *Lore / Trivia: Something about a Sibling or Character that is talked about in the video*
- *Event: Something that happens in the video that is relevant to something bigger / in the lore*
- *This allows us to get as much information as we can from the video*

Example from Prop Hunt 18: Ghost Hunt:
5:27 - <u>Jordan compares the voice Bethany is using to Box Friend and ties together Gregory, Ghost and Casket</u>

---

6. Character / Sibling Death Count (CDC)
This shows how many times a single character has died in the video

- The sibling comes first (in parenthesis), which may be abbreviated
    - J or VT = Jordan
    - C or IK = Cierra
    - B or FP = Bethany
    - I or HG = Isaac
    - Jess or J42 = Jessica / Javott42
    - If anyone else is on the channel, write out their name
- The character's name is listed 2nd
    - Do not abbreviate; there are many characters and that will cause confusion
- The number of times that character died in that video

Bad Example:
Character Death Count:
- JG1
- (C) JT 1
- (B) ST 1
    - What's Wrong
        - Character names are abbreviated, which is confusing
        - Spacing is weird (not the worst, but it's still confusing to look at)
        - One of the siblings is not listed with the character they played

Good Example 1:
Character Death Count:
- (J) Johnny Ghost 1
- (C) Johnny Toast 1
- (B) Swift Taylor 1

Good Example 2:
Character Death Count:
- V - Johnny Ghost - 1
- IM - Johnny Toast - 1
- FP - Swift Taylor - 1

7. Link to Video
- *Put a link to the original video at the bottom of the page for easier access*

8. How to Format

- *None of the information has to be in brackets; I just use that to show that that's where you'll put information*

- **Basic:**

[Timestamp] - [Info]

- **Multiple Timestamps:**

[Timestamp] / [Timestamp] - [Info]

- **Multiple Pieces of Info:**

[Timestamp] - [Info 1] / [Info 2]

OR

[Timestamp] - [Info 1]; [Info 2]

- **Related Info at Different Times**

[Timestamp] / [Timestamp] - [Info]; [Related Info]

Give your name and a way to contact you (preferably your email address)	Be passive-aggressive, use foul language, curse, insult, or otherwise be rude
