Document Delivery Committee Meeting Notes 8/21/19

In Attendance: Pat Stockbridge (Jeffco), Crystal Bollman (PRPLD), Pat Libera (High Plains), Doug Flint (Auraria), Julie Magby (State Pub), Dustin Goforth (Aurora), Alex Stein (CU Boulder), Michelle Kyner (DU), Sarah Vaughn (UNC) Jennifer Hoffman (DPL), Rose Nelson (CO Alliance)

Online: Pam Healy (Arapahoe), Jeff Babcock (DPL), Sue Williams (Douglas), Rebecca Schneider and Lisa Nickum (Mines), Meg Remple (Colorado College), Lori Gentrup (Loveland), Becky Bernal (CMU), Lander McLees (Regis), Becky Kraemer (Colo. Mtn. College), Rae Schneider (Aurora PL), Katie Crawford & Megan Mourning (Western Colo. Univ), Matt DeCesaro (CSU-Pueblo), Don Pawl (UCCS), Brenda Kingen (GCPL), Ellie Kerstetter (UWYO)

Introductions and Welcome
With several new libraries on Prospector as well as new DDC reps for many veteran sites, we attempted a round of introductions but ran into technical difficulties. Reminder: please do not use hold feature when logging in to the online meeting option :(.

SILLVR streaming video pilot program - Katy from Auraria
Pilot with 2 streaming vendors: Swank and Infobase (Films on Demand)
- Swank films available only to customers at academic libraries
- Infobase films available to all Prospector libraries at no cost
- 21 day checkout, no renewals

Details still being worked out as to how this will look in Prospector. More to come

Prospector Additions and Migrations - Rose
- Bemis (Littleton)- joined this summer
- Englewood Public Library - in early talks about joining
- Red Rocks Community College - considering joining
- Aims Community College - working on getting funds to join Marmot and through that, potentially Prospector further down the road
- Air Force Academy - planning to join but lots of security considerations to work through
- Colorado College - migrating to KOHA (open source) and will use API to connect to Prospector
- Anythink - moving to OCLC Wise

Prospector statistics and news - Rose
- Prospector Fulfillment Stats
  Clarified ratio of lends to borrows and that several factors, including collection uniqueness and emedia vs. physical holdings can contribute to having a higher ratio of lends to borrows or vice versa.

- Discussed [INN-Reach Title Reports](#) and applications such as multiple requests for same title as prompt purchase local copy, etc.

Gold Rush [Content Comparison Tool](#) - Rose

Can be used to compare your holdings to other libraries, find what is unique or widely owned. Can inform weeding decisions.

Can also look at your own collection and see visual depictions of your holdings.

Right now, all Alliance Members have their holdings in Gold Rush as well as DPL. Other Prospector libraries can add theirs as well.

INN-Reach Report Best Practices

For benefit of new libraries and reps, quick overview of the various [INN-Reach Reports](#) description and handling.

Jennifer will pull subgroup comprised of Sierra, Polaris and DCB library reps together to do some exploration and clarification around how actions/statuses in our different environments behave and display.

[Inspire](#) - Rose

III has highlighted at recent conferences their work toward a bib-frame based, contextual discovery layer, called Inspire. They are talking about doing a potential demo at Auraria later this fall. TBD.

2020 Meeting approach

Document Delivery Committee meets quarterly (though we missed 1 this year) Usually 2 meetings are held in person at the Alliance Office with an online attendance option provided and 2 of the quarterly meetings are online only.

2020 - We're exploring the idea of changing it up in 2020 to provide some tour opportunities. Ideas floated included touring PASCALl, touring the CLiC courier warehouse, visiting a high volume non-Innovative Library using a DCB, etc. We'd still meet with an online option for at least a portion of that meeting time but the rest would be comprised of the tour for in-person attendees. Jennifer will be surveying the team with responses helping to inform the 2020 DDC meeting plan.
