

Name: Simon A. Callaghan Jensen
Date-of-birth: 16-01-1993

Nationality: Danish-English
Address: Vadgårdsvej 107

Experience

Interactive Designer and Frontend developer
(Skat, UFST) 2018-2019

Android Designer
(Gratisgoder.dk) 2017-2018

CMS Website Designer and Frontend Android Developer
(Zincktwice 2016-2017)

Accomplishments

- Assisted the lead in designing, developing, testing and implementing the Frontend User Interface of SKAT's future "aftaleløsning" for aktindsigt and legal document-handling (Angular 6)
- Designed, prototyped and developed the foundations for a "beta-testing" and prototype-testing website for SKAT's future applications and digital solutions (Wordpress CMS)
- Designed and developed an application to integrate the website "Gratisgoder.dk" and function as a service alongside it (Android Studio)
- Designed and developed the foundation for a parking application at Zincktwice (Android Studio)
- Designed and prototyped a new website for Zincktwice

Education

DTU, Engineering Diploma in Processes and Innovation-engineering

Specialised in User Experience, Mobile Application Development and Usability Testing.
(2013 to 2017)

Skills

User Experience Design, User Research, Usability Testing, Interactive Design, Design Thinking, Rapid Prototyping, Wireframing, Jira, Confluence, HTML, CSS, Javascript, Angular 6, Android Studio, Wordpress (CMS), Sketch, Adobe XD, Photoshop, Graphic Design, Storyboards, User Stories

Other Interests

I'm deeply engaged in the videogame industry and an avid gamer in my free time and can deliver expert-levels of insider knowledge on the videogame industry.

Talents

- I'm creative at heart and love to design and innovate in new and exciting ways
- I'm always up for a new challenge, be it a new way to approach design and users, or a new programming language
- I'm focused on delivery, flexible and adaptable to the work environment
- I always empathise with the users and use this to fuel my passion for designing the best possible experiences.
