

GPS Universal Log-in Protocols - STUDENT Secondary Schools (English) ([Español](#))

Students are given access to tools based on needs of their specific grades and classes. Not all students have access to all of these tools. This sheet is informational only and students should only use the tools based on teacher direction.

The majority of digital tools have log in credentials structured in one of two ways, as shown below:

A. Google	 Sign in with Google User id: firstname.lastname@greenwickschools.org Password: 9 digit student ID Example: harry.potter@greenwickschools.org 001012345
B. 2+9 Password protocol	2+9 protocol which is the student first and last initials followed by the 9 digit student id. Example: Harry Potter with student id 001012345 2+9 password: hp001012345
Access Instructions for School Applications on a Chromebook or Personal Browser Some applications are only available to students in specific courses	
Aspen	https://ct-greenwich.myfollett.com/aspens/logon.do Click the “rocket ship” to log in through Google. 
Big Ideas 	tinyurl.com/gpsbigideas  Sign in with Google Video to log on: https://www.youtube.com/watch?v=hwP0wbCtfU0
Brainpop 	https://www.brainpop.com  Sign in with Google Attach to your school Ask your school media center for your generic school login info if you don't know it

<div style="display: flex; align-items: center;">  <div style="text-align: center;"> <p>Protocolos universales de las escuelas públicas de Greenwich para iniciar sesión</p> <p>El inicio de sesión en la mayoría de las herramientas digitales está estructurado de dos maneras, tal y como se indica a continuación:</p> </div> </div>	
A. Inicio de sesión Google Single (SSO)	Nombre del usuario: nombre.apellido@greenwickschools.org Contraseña: Los 9 dígitos de la identificación del estudiante Ejemplo: alonso.quijano@greenwickschools.org 001012345
B. Protocolo de la contraseña 2+9	La contraseña 2+9 se forma con las iniciales del nombre y el apellido del estudiante seguidas de los 9 dígitos de la identificación del estudiante Por ejemplo, la contraseña 2+9 del estudiante Alonso Quijano con un número de identificación 001012345 sería: aq001012345
<p style="text-align: center;">Instrucciones para acceder a determinadas aplicaciones en una Chromebook o navegador personal</p>
