

Evaluating your Final Major Project

- **What was your initial theme?**
- **How did the theme inspire you, what were your initial thoughts? How did you develop your context?**
- **What influences had a major effect on your direction and way forward?**
I combined influences from..... and used this to
- **Look back at the brief you set yourself – do you feel that you have fulfilled this?**
My brief was I achieved this by
- **Why did you choose the subject, composition, materials/techniques and colour scheme? What effect has it created?**
The main subject matter/composition/techniques/materials/colours I have used are These have affected my work by
- **What other artists' work/techniques had you researched and why did you choose them? How did these inspire your own work? (include images to illustrate)**
- **In your exploratory work what was most successful and what was least successful? What did you choose to leave behind and why?**
- **How did you then develop this further into mock/developmental work and continue to develop into final?**
- **How has your use of technical skills and media affected your decisions? What skills have you learned using traditional/digital media and software?**
- **Throughout this project, I have learned a variety of skills which have included ...**
These have affected my final outcome by
- **Did you have any problems or difficulties, how did you overcome them?**
- **What display methods have you chosen for your final show and why? What message(s) does this communicate to a viewer?**
- **With my final show I wanted to communicate And incorporate I have done this by And**
- **What was your context and narrative for your final outcome(s)/show and how did you show this?**
- **How did your choices for display enhance your final outcomes and communicate your theme?**
- **Is there anything that you would change or do differently if you had the time again?**

- **Think about the connections and thinking that you have made in your project – what has been the main idea of thinking and how did it develop?**
- **Has your work gotten better and more sophisticated? How? Explain, if not, what would you change and why?**
- **What 3 improvements could you make to final major project?**
