

Good Afternoon Parents of Grades K-2 in SOLO Academy,

I hope you and your child have had a nice first week getting into the swing of things with Lincoln Learning. My name is Mrs. Coleman and I will be supplementing your child's learning with online reading support. I am a Strongsville City Schools teacher who will be working with all K-2 Strongsville students to ensure key foundational reading skills are being learned and practiced in a small group setting, in addition to the online program. These weekly meeting times will also allow your child opportunities to interact with Strongsville peers on a similar level in small groups. I will also be assessing your child throughout the year so we have data to determine your child's growth and see areas in which to focus. I plan to meet with each child at least two times per week for a minimum of 20 minutes each session. This will be a small group setting of no more than 6 total students, sometimes less. I will also offer some optional meeting dates as well once we get started.

In order for us to best meet your child's ability, I will be conducting online Aimsweb math and reading assessments three times a year, starting in September. You will receive a SignUp Genius email for a time to sign up for a slot that will work for your family. Our group reading sessions will begin after we have Aimsweb data completed. At that time I will share the specific days/ times of our groups and you can let me know if there are any conflicts or questions at that time. You will be able to log any time with me in your child's "offline learning log" as well. I look forward to working with you and your child! My email is KColeman@scsmustangs.org if you have any questions about the reading instruction.

Sincerely,

Mrs. Coleman
