## **Agreement to terms**

These Terms and Conditions constitute a legally binding agreement made between you, whether or personally or on behalf of an entity (you), and MSK Modelmaking.

MSK Modelmaking provides a 3D model making service. The creation of custom 3D models are based on images and/or references given by the clientele.

3D models can range from parts made from scratch, or by already existing parts of models from other creators.

The parts made by other creators fall under their copyright and the clientele acknowledges their Terms and Conditions before sending them to us.

The clientele are thus the party responsible if issues arise with a third-party 3D model that they have handed over to us.

## **Returns and Refunds Policy**

We do not issue refunds for our products once the order is in progress. Unless there's something wrong on our part.

## **Digital products and purchase**

You do not buy the rights to the product itself, which means you're not allowed to distribute, our creators can take it where they see fit. With the exception of VTubers.

The model will not be distributed to clientele, unless discussed with Muneakira. The model will be uploaded to the clientele account if applicable (VRChat, ChilloutVR etc.).

You can purchase the file after discussing with the respective creator in MSK Modelmaking, there will be an extra fee. This will be discussed with both parties.

We take 50% of the payment once the discussion about the model is over, the modelling will not start unless the 50% is paid upfront. Upon completion of the model and testing of the model, the other 50% of the payment must be paid in order to proceed with the agreement.
