* A seat-based is taught entirely in person.

** An independent study is 20+% in-person, 80% individual.

Student Goal:

To earn credits needed for graduation. I understand I am expected to work towards a minimum of 7 credits this year. If I am behind in credits I will need to work on additional credits in order to graduate with my academic peers. I know I will have reached this goal when the credits appear on my official transcript. This will serve as my assessment for reaching my academic goals.

What can staff do to help you achieve these goals?
