

Hello. This is Jay, one of the people working on the plan to get you all out of that building. We're working as quickly as we can, and we're going to get you all out safely. Please know that.

If you're feeling up to it, I have a few questions that might help us establish whether there's a pattern between any of you. This information will be shared with Percival, Dirk Strider, Roy Mustang, and 9S. I don't intend on sharing it with anyone else, and neither do they. Regardless, if you're not comfortable answering a question, you don't have to. I am going to ask, however, that you not lie.

What is your name? Age? Gender? Species?

Are you trained as a fighter, and if so, have you practiced your abilities in Shehui?

What power did Qri give you, and have you practiced that in Shehui?

What did you say to the monitors or government, to the best of your recollection?

Is there anything else you think might have made you of interest to the monitors?

How have the monitors behaved towards you so far?

<small>[He repeats the questions again, slowly, two or three times.]</small>

If you could also keep me updated on your physical condition, that would be helpful.

Again, we're coming for you. Take care of yourselves and each other, stay strong, and try not to provoke the monitors, Jade.
