## THE LOVE ALGORITHM SCRIPT

**Show Host :**
Welcome, ladies and gentlemen, to Love Algorithm,
the most exciting dating game show where we use
computer science principles to find true love! I'm
your host, Tanisha,and tonight, we have the lovely
Rachilita looking for her perfect match!

[Rachilita comes from stage right and enters the
spotlight. Rachilita flicks her hair and stands
next to the show host.]

**Show Host :**
Beautiful! Now let's meet our bachelors!

The 14 eligible bachelors enter the stage and line up.

**Show Host :**
Now, before we begin, let me explain the rules.
Each bachelor will have the chance to impress
Rachilita with a pick-up line. Rachilita will then
rate each bachelor from 1 to 14, based on how much
she's swooning.

Rachilita nods, ready and eager to find her match.

**Rachilita:**
I can't find any man who will commit to me

[One by one, each Bachelor steps up attempts to win Rachitlita's heart. Rachilita will then give each their rank]
