The Compliance Director modules have been updated to a new website and all employees must register this year.

****To Register:**

Step 2: Click on the "Register" button in the top right corner.

Step 3: Enter the following information:

- Full Name
- Email address
- Keyword: Activity (this keyword is case sensitive)
- Password
- Confirm Password

Step 4: Once you are in your Dashboard, the modules are listed on the right. Click on the module you'd like to complete and work your way through the module. **Input your personal information at the end of the module and click "submit."** You will then find yourself back in your Dashboard, where you will see the modules you have completed on the left side of the page. Select the next module you wish to complete on the right side of the page and follow the same process until you have completed all the required modules. To logout of your Dashboard, click on your name at the top of the page and click on "logout."

Important: Once you begin a module, you must complete it in order to create your record of completion for that module. You cannot start, stop, and go back into the module where you left off at another time. You can log in and out of your Dashboard as often as you'd like to take new modules and to see or print a list of the modules you have completed. You do not have to submit documentation to your supervisor - he/she can access results.
