

GBwhatsapp APK Download Latest Version

[GB WhatsApp](#) is a popular messaging app that offers extra features not available in the official WhatsApp. It allows users to customize their chat experience, improve privacy, and enjoy advanced tools. This article covers all aspects of GBWhatsApp, including its features, installation process, updates, and more.

What is GB WhatsApp?

GB WhatsApp is a modified version of the official WhatsApp. It gives users extra customization options and advanced features. Many people choose GBWhatsApp because it provides better control over privacy, themes, and messaging tools.

Unlike the official WhatsApp, GBWhatsApp is not available on platforms like the Google Play Store or Apple App Store. Users need to download the [GBWhatsApp APK](#) from trusted third-party websites to access its unique features.

Why is GB WhatsApp Popular?

GBWhatsApp has gained a huge user base because it offers enhanced features that the official WhatsApp does not provide. Users love its ability to customize the app, hide their activities, and manage multiple accounts easily. It also provides better file-sharing options, making it ideal for those who want more control over their messaging experience.

Features of GB WhatsApp

[GB WhatsApp Download](#) offers many features that are not available in the original WhatsApp. These extra tools make it easier to manage chats and customize the app.

1. Customization Options

GBWhatsApp allows users to personalize their app. You can change themes, fonts, and icons. This feature helps you make the app look unique and match your personal style. Thousands of free themes are available to choose from.

2. Enhanced Privacy Settings

Users can hide their online status, blue ticks, and typing indicators. This feature is useful for those who want to keep their activity private. You can also hide your "last seen" from specific contacts while remaining visible to others. Now get it <https://gbapk.net.pk/>.

3. Message Scheduling

GB WhatsApp lets users schedule messages. You can set a time for messages to be sent automatically. This feature is helpful for reminders, birthday greetings, or work-related messages.

4. Dual WhatsApp Accounts

With [GBWhatsApp](#), users can run two WhatsApp accounts on one device. This feature is perfect for managing personal and professional conversations without needing two phones.

5. Increased Media Sharing Limits

GB WhatsApp allows users to send larger files. You can share videos up to 50 MB, send 90 images at once, and share high-quality images without compression. This is ideal for sharing large media files without losing quality.

6. Auto-Reply Feature

[GBWhatsApp APK](#) provides an auto-reply feature, similar to business accounts. You can set automated responses for specific messages, which is useful for business communication or when you're unavailable.

7. Anti-Delete Messages

With this feature, deleted messages remain visible to you. If someone deletes a message after sending it, you can still view it without any issue.
