

"Good Things" by Obie Leff

I have a good thing,
It happened this morning,
I saw the sunrise, and thought of you.
It was beautiful, it made me feel hopeful.
Full of possibility, starting new.

It's the simple things,
All those little things,

Saying hello, shaking a hand,
Having a friend, sharing a new song,
Singing, "Do-Re-Mi-La," so far so good.
Sharing a smile, holding the door,
Giving a gift, paying it forward,
"A little something for you," so far so true.
That's my good thing,
That's my good thing.

(Instrumental)

It's the simple things,
All those giving things,
Good things!

Having a dream, going in hope,
Taking our time, smelling the flowers,
In our own neighborhood, so far so good.
Helping the team, watching it grow,
Sharing the good, giving an affirmation,
"I notice you," so far so true.
That's my good thing,
That's my good thing.

I have a good thing,
It happened this morning,
I saw the sunrise, and thought of you.
That's my good thing,
That's my good thing.
