FORM REVISION FOR AUTHOR

Title	:	
Author	:	
Revision date		

The following is a description of the repair form that must be written or commented in detail by the author on all inputs from both reviewers and editors

1. Write down all the comments of reviewers and editors in full sequentially from above the title, abstract, to the reference section
2. Write down the line number page of the initial article file (correction page) which contains input from reviewers and editors
3. Create a new article file containing the results of improvements to all reviewer input and editor by marking the revised section (highlight) in red
4. Write the page line number of the new revised article file (revised page) as well as providing comments on all inputs from both reviewers and editors, both those that are appropriate or not in accordance with the author's opinion along with the underlying reasons/arguments).
