Suggested Applicant Determined Performance Measures for Native Nations....	14

Purpose

As stated in the Performance Measure Instructions, applicants are required to create at least one aligned performance measure (an output paired with an outcome) connected to their primary intervention. Applicants are required to use National Performance Measures if they fit their program's Theory of Change. Programs that do not fit within the National Performance Measures may create an applicant-determined measure. This supplement provides more information on when and how to create applicant-determined performance measures in AmeriCorps' web-based grants management system, eGrants.

Applicants should only create applicant-determined measures after reviewing the Application Instructions and the Performance Measure Instructions to ensure understanding of the performance measure requirements and selection rules.

What is an Applicant-Determined Performance Measure?

An applicant-determined performance measure is one in which the applicant creates the language for the outputs and/or outcomes that will be measured. This is different from the National Performance Measures, where AmeriCorps pre-determines common outputs and outcomes that are available for applicants to use.

Applicant-Determined Performance Measure Rules

Applicant-determined performance measures must follow all of the requirements listed in the Performance Measure Instructions. The following elements also apply specifically to applicant-determined performance measures.

Applicant-determined performance measures can be:

- An output and outcome pairing
- An outcome paired with a National Performance Measure output

Applicant-determined performance measures cannot:

- Be an output paired with a National Performance Measure outcome
- Duplicate already established National Performance Measures

There are some objectives for which the creation of applicant-determined outputs is not allowed:

- Capacity Building and Leverage (in the Capacity Building focus area)
- Find Opportunity (in the Economic Opportunity focus area)
- Teacher Corps (in the Education focus area)
- Access & Attract (in the Veterans and Military Families focus area)

Entering Information into eGrants

Click on Performance Measure on the left hand navigation to take you to the home screen of the Performance Measures Module. Click on the link to enter Performance Measures.

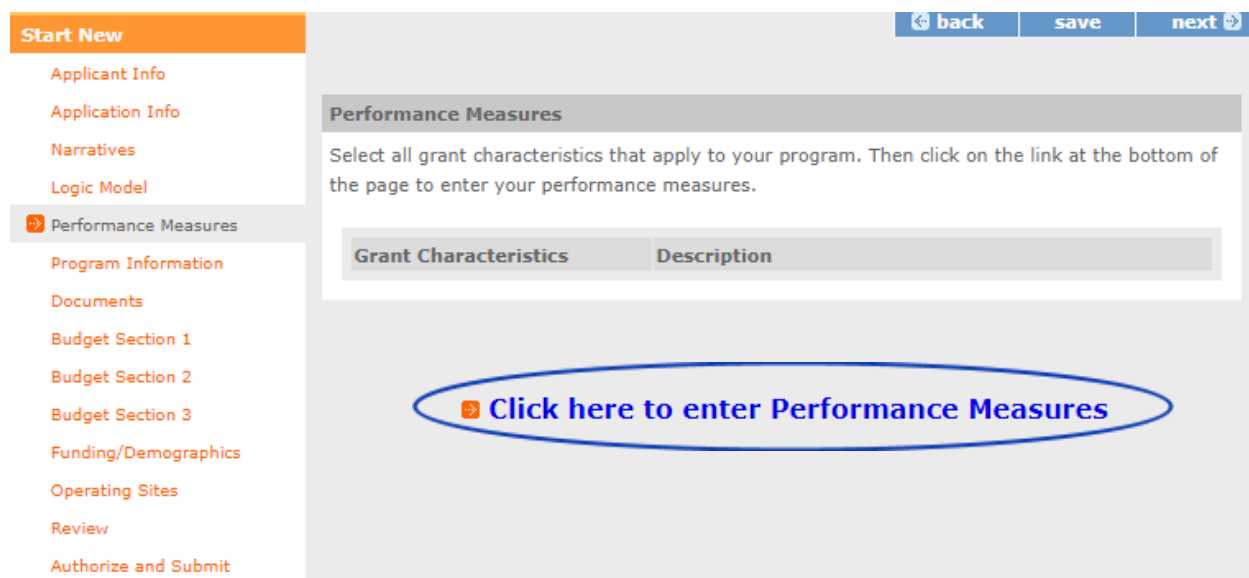

Figure 1: The link to begin the Performance Measures Module in eGrants.

Click Begin.

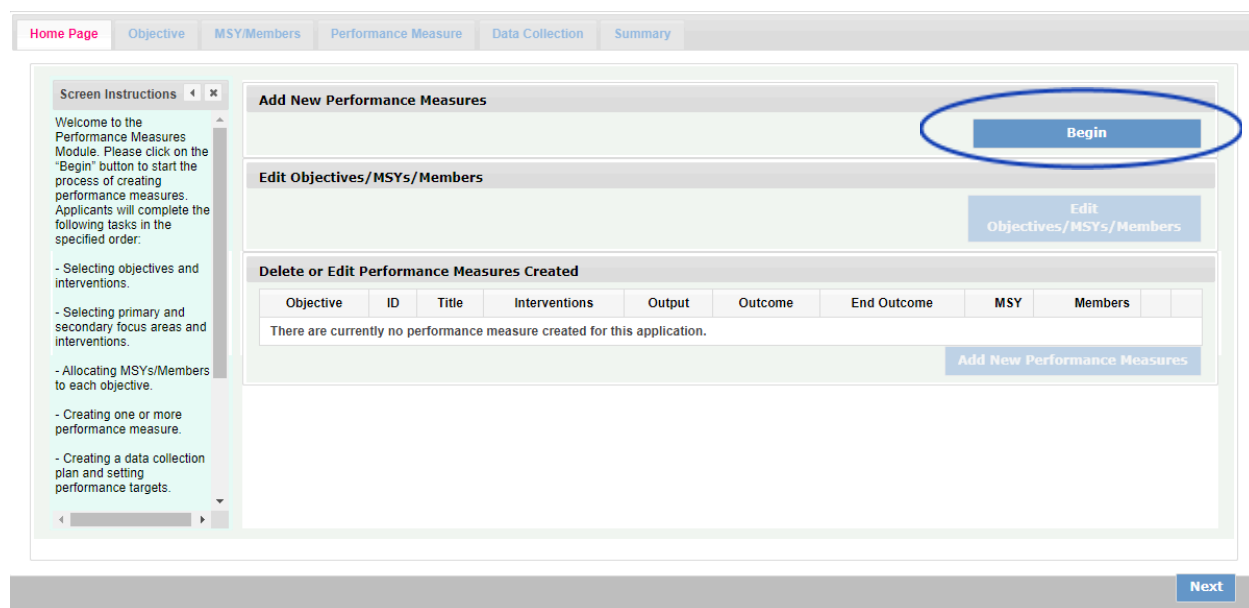

Figure 2: The Home Page tab of the Performance Measures Module featuring the Begin button.

On the Objective tab, find the focus area(s) that applies to the program. If none apply, then select Other Community Priorities. Under the focus area, select the objective(s) of the program activity. If none of the objectives in the focus area apply, select "Other [Focus Area]" if available.

On the MSY/Members tab, enter the number of total MSY for the project, as well as the number of MSY and members for each objective. Click Next.

Screen Instructions: On this tab, you will enter information about the allocation of MSYs and members across the focus areas and objectives you have selected. Begin by entering the total MSYs for your program. Next, enter the number of MSYs your program will allocate to each objective. Only the objectives that were selected on the previous tab appear in the MSY chart. If some of your program's objectives are not represented in the chart, return to the previous tab and select additional objectives. The MSY chart must show how all your program's resources are allocated. If you have selected the Find Opportunity objective (under the Economic Opportunity objective), return to the previous tab and select additional objectives.

Summary

Program: AmeriCorps

Figure 8: The Performance Measures tab showing the available Outputs associated with the selected objective.

If you select a National Performance Measure output, the Outcomes section will populate with either the options for a National Performance Measure outcome that aligns with the selected National Performance Measure output or a space for an applicant-determined outcome. It is allowable to have a National Performance Measure output paired with an applicant-determined outcome.

*** Outputs**

Housing

☒ O1A: Number of individuals served

☐ O4: Number of housing units developed or repaired

Add User Output

*** Outcomes**

Housing

☐ O11: Number of individuals transitioned into safe, healthy, affordable housing

Add User Outcome

Figure 9: The Performance Measures tab showing the available Outcomes associated with the selected National Performance Measure output.

To create the applicant-determined outcome, check the box next to the empty field, then enter the name of the outcome.

The screenshot displays two panels under the 'Housing' category. The top panel, labeled '* Outputs', shows three radio button options: 'O1A: Number of individuals served' (selected), 'O4: Number of housing units developed or repaired', and an empty field. Below these is an 'Add User Output' button. The bottom panel, labeled '* Outcomes', shows two checkboxes: 'O11: Number of individuals transitioned into safe, healthy, affordable housing' (unchecked) and 'Applicant-Made Outcome' (checked). Below these is an 'Add User Outcome' button.

Figure 10: The Performance Measures tab showing an example of a National Performance Measure output paired with an applicant-determined outcome.

If you create an applicant-determined output, only an applicant-determined outcome will be available. It is allowable to have an applicant-determined output paired with an applicant-determined outcome. It is not allowable to have an applicant-determined output paired with a National Performance Measure outcome.

The screenshot displays the same 'Housing' category panels. In the top panel, 'O4: Number of housing units developed or repaired' is now selected, and the empty field below it is active. In the bottom panel, only the empty field for an outcome is visible, and the 'O11' option is no longer present. The 'Add User Outcome' button remains at the bottom.

Figure 11: The Performance Measures tab showing that only applicant-determined outcomes are available if creating an applicant-determined output.

To create an applicant-determined output, click the radial next to the empty field, then enter the name of the output. To create an applicant-determined outcome, check the box next to the empty field, then enter the name of the outcome. Remember: do not duplicate any National Performance Measures in the applicant-determined measure fields.

The screenshot shows two sections: "Outputs" and "Outcomes", both under the "Housing" category. In the "Outputs" section, there are three radio buttons. The first two are "O1A: Number of individuals served" and "O4: Number of housing units developed or repaired". The third is "Applicant-Made Output", which is selected with a blue dot. To the right of the "Applicant-Made Output" text field is a blue button labeled "Add User Output". In the "Outcomes" section, there is a single checkbox labeled "Applicant-Made Outcome", which is checked with a black checkmark. To the right of the "Applicant-Made Outcome" text field is a blue button labeled "Add User Outcome".

Figure 12: The Performance Measures tab showing an example of an applicant-determined output paired with an applicant-determined outcome.

Enter the number of MSY and Members associated with this Performance Measure. Click Next.

This screenshot shows the same "Outputs" and "Outcomes" sections as Figure 12, but with additional fields at the bottom. Below the "Outcomes" section, there are two input fields: "Enter # of MSYs" with the value "10" and "Enter # of Members" with the value "10". At the bottom right, there is a blue button labeled "Delete PM in Progress" and two buttons labeled "Back" and "Next".

Figure 13: The Performance Measures tab showing the MSY and Members associated with the performance measure.

On the Data Collection tab, enter the description of the intervention. Click on the arrow to expand the data collection section. For applicant-determined measures, the only method available is "Other." Enter the instrument description and target number of outputs and the unit of the outputs.

Applicant-determined measures do not have system-set units of measure so the applicant will need to enter the appropriate unit. The unit of measure should describe the beneficiary population you intend to count.

The screenshot displays the 'Data Collection' tab of the Performance Measures Module. The top navigation bar includes links for Home Page, Objective, MSY/Members, Performance Measure, Data Collection (active), and Summary. The main content area is divided into a sidebar and a main panel. The sidebar contains 'Screen Instructions' which advise on providing intervention details and target numbers. The main panel has a 'Description of Interventions' section with a text area for 'Intervention Description'. Below this, the 'Data Collection' section is expanded, showing 'Output: Applicant-Made Output'. This section includes a 'Select Method' dropdown menu set to 'Other', an 'Add New Method' button, a text area for 'Enter Instrument Description', a numeric input for 'Enter Target Number' with the value 60, and a dropdown for 'Unit of Measure' set to 'Units'. The bottom of the interface features a 'Save' button and a group of buttons: 'Delete PM in Progress', 'Mark Complete', 'Back', and 'Next'.

Figure 14: The Data Collection tab of the Performance Measures Module with the method selected and the unit of measure entered for an applicant-determined output.

For National Performance Measures, there are options for methods to measure the output based on the definitions in the Performance Measure Instructions. The unit of measure is also system-set so that it aligns with the National Performance Measure selected; it cannot be edited.

Figure 16: The Data Collection tab with the method selected and the unit of measure entered for an applicant-determined outcome.

The system will return the applicant to the Performance Measure tab. All created performance measures are noted at the top of the Performance Measure tab. All applicant-determined outputs begin with OUTPT and all applicant-determined outcomes begin with OUTCM.

If you would like to create another performance measure, repeat the process. Applicants are required to create at least one aligned performance measure (an output paired with an outcome) connected to their primary intervention. Applicants are not expected to have performance measures for every program activity.

When the applicant has finished designing the performance measures, click Next at the bottom of the page.

Suggested Applicant Determined Performance Measures for Native Nations

Disaster Services

Strategic Plan Objective	Selection Rules		Interventions
	Outputs	Outcomes (if applicable)*	
Assistance Provided	D1A: Number of individuals served	D5: Number of individuals reporting increased disaster readiness	Traditional Ecological Knowledge (TEK) . Disaster Preparation Disaster Response Disaster Recovery Disaster Mitigation Disaster Adaptation Climate Change Intervention
	D6: Number of structures protected or restored	D7: Number of structures returned to regular use after a disaster	Traditional Ecological Knowledge (TEK) Disaster Preparation Disaster Response Disaster Recovery Disaster Mitigation Disaster Adaptation Climate Change Intervention
	Acres of Tribal land or protected land treated	Acres of Tribal land or protected land improved	Traditional Ecological Knowledge (TEK) Disaster Preparation Disaster Response Disaster Recovery Disaster Mitigation Disaster Adaptation Climate Change Intervention
	Miles of Tribal land or protected land treated.	Miles of Tribal land or protected land improved	Traditional Ecological Knowledge (TEK) Disaster Preparation Disaster Response Disaster Recovery Disaster Mitigation Disaster Adaptation Climate Change Intervention
	G3-3.4**: Number of organizations that received capacity building services	G3-3.10A**: Number of organizations that increase their efficiency, effectiveness, and/or program reach	Traditional Ecological Knowledge (TEK) Disaster Preparation Disaster Response Disaster Recovery Disaster Mitigation Disaster Adaptation Climate Change Intervention

*All National Performance Measure outputs may also be paired with an applicant-determined outcome instead or may be used without an associated outcome.

**In the eGrants Performance Measure Module, these measures may appear with the letter "D" at the end when used in the Disaster Services focus area. However, the instructions for these measures are the same regardless of the focus area in which they are used.

Education

Strategic Plan Objective	Selection Rules		Interventions
	Outputs	Outcomes (if applicable)*	
School Readiness	ED1A: Number of individuals served	Number of individuals with increased knowledge of Native American/Indigenous language and culture	Tutoring Mentoring Other Classroom Support Out-of-School Time Family Involvement Service Learning Summer Learning Classroom Teaching
K-12 Success	ED1A: Number of individuals served	Number of individuals with increased knowledge of Native American/Indigenous language and culture ED5A: Number of students with improved academic performance ED9: Number of students graduating from high school on time ED10: Number of students enrolling in post-secondary education/training ED27C: Number of students with improved academic engagement or social-emotional skills ED6: Number of students with increased attendance ED7A: Number of students with decreased disciplinary incidents (referrals, suspensions/expulsions, criminal or gang involvement)	Tutoring Mentoring Coaching Other Classroom Support Out-of-School Time Family Involvement Service Learning Summer Learning Classroom Teaching Opioid/Drug Intervention
Post-HS Education Support	ED1A: Number of individuals served	Number of individuals with increased knowledge of Native American/Indigenous language and culture ED11: Number of individuals earning a post-secondary degree or technical certification	Tutoring Mentoring Family Involvement Service Learning Summer Learning
Teacher Corps	N/A (outputs may be reported as Performance Data Elements on annual Progress Reports)	N/A (outcomes may be reported as Performance Data Elements on annual Progress Reports)	N/A
Other Education	ED1A: Number of individuals served	Applicant-determined	Applicant-determined

*All National Performance Measure outputs may also be paired with an applicant-determined outcome instead or may be used without an associated outcome.

Focus Area Notes

- Programs should only opt into the Education performance measures if the measures reflect significant program activities aligned with the applicant's core theory of change.
- All individuals counted under these measures must be program beneficiaries, not National Service Participants. National Service Participant outputs and outcomes should be reported in the Performance Data Elements in annual Progress Reports.

Activities associated with these measures must be carried out by National Service Participants or by volunteers directly recruited and/or supported by National Service Participants.

ED27C (outcome)	Number of students with improved academic engagement or social and emotional skills
Definition of Key Terms	<p>Students: those reported in ED1A</p> <p>Improved academic engagement or social and emotional skills: A positive change in student skills, attitude, and/or mindset that is likely to contribute to increased educational success. May include increased interest in school, improved perspective on school climate, increased attachment to school and/or increased educational aspirations.</p> <p>Social-emotional skills developed through more specific routes of Native Culture and Language include but are not limited to healing; improved emotional/mental health; resilience; improved self/communal-identity; increased connection/relationship to community, land, and culture.</p>
How to Measure/ Collect Data	Survey, observation, or other instrument capable of measuring changes in academic engagement or social and emotional skills at the individual beneficiary level. When possible, pre-post assessments should be utilized.
Notes	Academic or behavioral improvements counted under ED5A, ED6, or ED7A cannot be counted under this measure

Environmental Stewardship

Strategic Plan Objective	Selection Rules		Interventions
	Outputs	Outcomes (if applicable)*	
At-Risk Ecosystems	Acres of Tribal or protected lands treated	Acres of Tribal or protected lands improved	Fire Mitigation Flood Mitigation Invasive Species Removal Debris Removal Plant Establishment Climate Change Intervention Traditional Ecological Knowledge (TEK)
	Miles of Tribal or protected lands treated.
