

Mr. X Blows

Hi there loyal TKO fans. It's me, **Dove Cameon** and I'd like to get a few things off my chest and clear up any confusion that many of you may still be dealing with.

OK, here it is. When I started reading the latest Hellfire submission in this Month's TKO, I thought my time as a **Hellfire Girls Club** member had finally come. My dream job would be right around the corner and I would be fighting side by side with my dear friends **Debby Ryan**, **Peyton List**, **Chloe Bennett**, **Sophie Turner**, and **Ariana Grande**.

Of course Ariana would have to stop kissing me all the time but I could put up with a few pecks if I could become a Hellfire Girls Club member. Well, she can kiss me all she wants as long as she stops kissing those pesky Raccoons. Yuck, that's totally gross.

The Expansion article started out with Mr. X getting a stack of papers from his Stable Leader **Jennifer Connelley**. In that stack of papers was a list of possible recruits for the HGC Expansion 2022.

I kept reading waiting for my name and after seeing scrubs like **Aida Yespica** and **Sophie Monk** mentioned as possibilities, I felt that if this is the best that Jennifer can come up with then I'm a shoe in for a spot. Another page of losers and for sure my name would be next. **Jessica Chastain** was in the UCC? I had no idea. **Alexis Bledel** and **Stacy Dash**? Never heard of either of them. **Kristen Wiig**, **Jenna Elfman** and **Taylor Hill** were a combined 6-11 and even they were being considered and they totally suck.

Then I get to the part where Mr X agrees to sign **Brie Larson**. Seriously, Brie Larson? She was 0-8 in the UMMA and 7-8 in the UCC. What a hack and by the way, she has the grossest feet I've ever seen in my life. I'm going to insist that she at least puts socks on if we ever fight in the cage.

Next they sign some mid 30's **Vampire Diaries** actress then a Kiwi with a **Lethal Weapon** attached to her right leg. OK, they have 4 more spots and I keep telling myself that, Dove baby, you got this. I keep reading until the end of the article and guess what? There is no mention of Dove Cameron. **ME!** The current **Lightweight Champion!** The **Number 3 Ranked Fighter** in the entire UCC. WTF!

In the last year I have gone out of my way letting everyone know that I want to become a HGC fighter! I even wore a low cut dress and threw myself at Mr. X after the last event but his stupid Secretary kept blocking me. What a bitch. I even posed in HGC swag and got Peyton and Debby to let him know I really wanted to join.

Well guess what? If I'm not good enough to even be considered then screw them! Fuck Mr. X and that leggy secretary of his. What the hell do they know about Lightweights? Their entire Lightweight roster is full of mediocre fighters at best. Jennifer Connelly and **Salma Hayek** are so old their bones creak louder than a rusty cage door. Their combined age is 9 years older than **Paris Berelc**, **Jordyn Jones**, **Kelly Berglund** and myself. Talk about ancient fossils.

Olivia Munn has to be the worst 6th degree **Tae Know Do Black Belt** in MMA history and **Emily Ratajkowski** makes dumb blondes look like Rocket Scientists. Peyton List is struggling but she is the only bright spot on their pathetic Lightweight roster. Peyton has potential and will be their best Lightweight in no time. Go, Bae. You know I'll always love you girl.

I'm staying with the Badass Barbie and Hellfire girls better hope they never meet me in the cage.

Thanks for nothing Mr. X. Thanks for getting my hopes up and smashing them into oblivion. You had your chance Mr. X and yet again, you blew it. I hope all of your hair falls out and that bitch of a Secretary breaks a leg.

XOXOXO,

Dovey
