

Sharing Questions

Growing in Christ

Week 2: Growing Through the Word of God and the Teachings of Our Church

This week the Share portion of the group looks a little different. Instead of each group discussing the Sharing Questions based on the Study alone, we will also be reflecting on Scripture using a method called Lectio Divina, which means “Divine Reading.”

1. **READ**

Someone in the group should read the Scripture out loud for the rest of the group to hear. Everyone should simply listen to the Scripture and just “soak it up.”

2. **LISTEN**

Read the Scripture out loud again. Everyone should listen for a word or phrase that jumps out at them from the Scripture. Then go around and have everyone share that word or phrase.

3. **REFLECT**

Read the Scripture out loud one last time. Everyone should reflect on how that word or phrase connects to their life and share that with the rest of the group.
