"If everyday we inform one person that now EVERYBODY can live a life of luxury with a Gift Economy, we will end war and poverty. Copy paste this message."

"We have reached a turning point in human history! Now EVERYBODY can live a life of luxury with a Gift Economy. Share this message with 10 others to end human misery."

"We presently produce enough food to feed 11 billion people, we are only 7,5 billion and yet 3 million children die of hunger every year. We can solve this by transcending from an economy based on money to a Gift Economy. Share this message with 5 others to save the children."

2: Spam one of these messages or your own personal variation, including a link to a short RBE video or your favorite Gift Economy page, to a few different groups or pages, or people, every week, especially pages that are not related to the RBE.

3: As your avatar name in phone text apps and social network sites put the following phrase or something similar with "SGE" in it: "Advertise the Gift Economy!"

4: On a large cardboard write "We want a SGE!" or "Resource Based Economy!" and stand next to a busy highway for a few minutes at rush hour every week.

5: Salute people with a sign language C

6:: Greet and/or farewell saying 'Enjoy a shared world' or 'Happy Gift Economy' in writing and speech. When people ask you: "what?" You give a quick explanation of what it is if you want or just say, "it's a new way to say goodbye".

7: Whenever you are inspired, make an RBE meme at <https://imgflip.com/memegenerator>, and share it and with friends.

8: Order a lawn sign online or make one yourself with the RBE message or logo of your choice (ex: WE WANT A GE, or Resource Based Economy), plant it in your lawn and/or on public road sides.

9: Make a large GE sign and hang it from your balcony.

10: Join the RBE FTS/SOS group, read the instructions, and spend a few minutes every week in contributing to the online action lead there. (If still active)

11: Get a hold of sidewalk chalk, a washable crayon and a WASHABLE marker and carry them with you wherever you go. Write: "Advertise the Resource Based Economy" or similar on YOUR car, sidewalks, cement barriers, and everywhere not too inappropriate.

12: Print out SGE flyers and bring a handful of them with you when you leave your house and casually hand them out to people while passing by, without stopping or anything. Leave them in mail boxes and on car windshields, and in magazines in stores, or anywhere you have fun doing so. Leave them in establishments, pin them to bulletin boards, tape them to the walls of public areas, bathroom stalls, hand them out at the pub and other gatherings, conferences or events. They are great icebreakers!

15: With the same logo files above, print them on iron-on paper found in office supply stores. There are two kinds, one that can go on light clothing and one that can go on dark clothing. Cut them out to then iron on logos on all your clothes. For 10 dollars almost all your clothes can have an RBE logo.

16: Print out and plastify the following TZM message and nail it at strategic places on hiking trails etc.

17: Roll a large cardboard sheet into a hat and put an RBE message on it and wear it in public.

18: Make an RBE sign with a broomstick and some cardboard and strap it to your backpack and carry it in public places.

19: Share this list to someone new everyday and print this list for those who want to help.

20: Take pictures of your work and share them along with your experiences on social media using the hashtag #advertisetheGiftEconomy
