

NATIONAL MEMBER BODY OF THE WORLD DANCESPORT FEDERATION · RECOGNIZED SPORT ORGANIZATION OF THE US OLYMPIC & PARALYMPIC COMMITTEE
DEDICATED TO GROWING THE QUALITY AND QUANTITY OF DANCE IN THE USA

As the Recognized Sports Organization for DanceSport by the United States Olympic & Paralympic Committee (USOPC), all competition officials must comply with the USA Dance SafeSport Policy (located here: [USA Dance SafeSport Policy](#)). This includes a background check every two years for Chair of Judges, Judges, Scrutineer, Music Director, Emcee, Lead Deck Captain, Registrar, and competition organizers. All New Officials should begin the process at least 45 days before the first day of the competition.

When individuals complete the background check, they should save receipt of completion and/or their certificates. These should be supplied to the organizer of the competition for record-keeping.

BACKGROUND CHECK (National Center for Safety Initiatives):

Those officials who are Professional Adjudicator members of USA Dance have their background check paid for by the organization as a benefit of membership. Those who are not Professional Adjudicator members of USA Dance are required to pay for their own background check. This background check will cost roughly \$25 dollars. All officials should utilize this link if they have not had a background check processed in the last 2 years with our organization.

Non-professional members can do their background check at <https://usadanceadjudicators.quickapp.pro/positions> . Be sure to click the green NEXT button in the lower right corner and for the state in which you are working please put your home state. If you are a professional member of USA Dance, please email senior-vp@usadance.org for the no-cost link.
