

Hello, fifth-grade families!

Fifth-grade students will soon be given an option to sign up for Band, Orchestra or Chorus for next year in sixth grade at Kettle Moraine Middle School.

This week, fifth-grade students had an opportunity to watch and listen to each group and get a demonstration of each instrument. We are hoping this demonstration will allow students and families to make an informed choice for next year. After selecting their choice, students interested in Band will be scheduled for an instrument fitting with a band director in the spring. Students in Orchestra will be contacted by their teacher about instrument choice.

We know the discussion with your student could lead to questions prior to signing up, so please feel free to contact us at the emails below. We are very excited to begin working with you and your students at KMMS!
