The User understands the MPU hitch accepts only a 2 5/16" ball. Rental rates are $25 a day for a minimum of three days. A day is defined as a 24-hour period. If the User anticipates needing the unit longer than the reserved time-period, User must request an extension from the NCCE representatives listed below before the initial rental period ends.

For load security, The plucker, scalder and the two stainless steel tables must be strapped down to the floor with the provided ratchet straps. There are D-rings on the floor to secure the ratchet straps down with. All hoses must be drained, coiled up and hung from the wall hooks with the provided straps. Drop cords must be coiled and hung as well.

Equipment returned without being thoroughly cleaned will face a charge of $200. It would be cheaper to keep it an extra day for cleaning than returning

Payment must be made before checking out equipment.

There will be a returned check fee of thirty-five dollars ($35.00), for a check on which payment has been refused by the payor bank because of insufficient funds or because the drawer did not have an account at that bank.

If you need additional assistance in processing your birds, please contact Adam Lawing prior to renting the equipment to schedule an appointment so that an agent may assist you. Contact info is listed at the end of this document.
