

Directions to the M2HATS site

The site is at the south end of Tonopah Airport off highway US-6, about 10-15 minutes drive from Tonopah NV. This area is a former Air Force base and there are some abandoned buildings, mining operations with deep holes and dead-end roads.

- Drive east along US-6 approximately 8 miles from its junction with US-95 in the town of Tonopah, until you see the “Airport” sign
- Turn south and drive about ½ mile, take the fork right, past a large old wooden hanger.
- Follow the road south towards a second large wooden hanger. After another 1.5 miles you should past the second hanger on your right (ie drive along the east side).
- The site is about ½ mile south of the second hanger.
