<b>CONTENT OF SUBJECT</b>	This course will provide students with knowledge on the principles of the tax system of Kosovo, as well as the importance of taxes in personal and business decision making. This course will address the law on companies, the law on tax procedures and administration of Kosovo, the law on personal income, the law on corporate income and other taxes applicable in Kosovo.
<b>AIMS OF SUBJECT</b>	The main goal for students is to be able to analyze critical decisions from a tax perspective. The aim of this course is for students to learn tax strategies, their applicability, because this will be valid regardless of their career path. Students will gain knowledge of tax law, learn to recognize tax applicability options, know tax-based planning and at the same time gain experience using tax planning tools and be able in the future to improve management and business organization in this area.

<b>EXPECTED LEARNING OUTCOME S</b>	<ul style="list-style-type: none"> <li>▪ <b>Upon completion of the course, the student will be able to:</b> <ol style="list-style-type: none"> <li><b>1. <u>Describe</u></b> the importance of the functioning and scope of the tax system;</li> <li><b>2. <u>Understand</u></b> the process of calculating personal income tax liabilities, corporate income, value added tax and other related taxes applicable under the legislation of Kosovo;</li> <li><b>3. <u>Apply</u></b> tax returns through the online EDI-declaration platform and follow the situation with the tax administration of Kosovo;</li> <li><b>4. <u>Justify</u></b> reports and accounts on taxable profits derived from companies that have the status of natural and legal entities;</li> <li><b>5. <u>Argument</u></b> the accuracy of the annual statements as well as the final reconciliations with the reporting of the financial statements;</li> <li><b>6. <u>Create</u></b> other important analyzes as well as plans on liabilities for future periods;</li> </ol> </li> </ul>	
<b>PROGRA M</b>	<b>Weeks</b>	<b>Topics</b>
	<b>Week - I</b>	Summary of course content - Introductory lecture (Syllabus)

TEACHING METHODOLOGY	Within this semester are foreseen 15 Weeks with 3 hours of lectures and 2 exercises (seminars and discussions), as well as two periodic tests which are held during the 15 planned lectures (weeks 7 and 15). Case studies and homework are given after each lecture for students in order to study and research on their own.  The results from such activities are presented and discussed in the following week. Students are encouraged to follow current economic developments by reading articles, business papers and other relevant materials. They can identify the next issues / topics for discussion from such readings. Essays prepared by students will also be discussed as well as individual and group presentations encouraged.
