

,Put an Environmental topic or a phenomena you are interested in building a lesson around and/or put your name next to a person/topic that you would like to work with...

Environmental Phenomena	Notes/Comments/who are you working with?
GR1 Chemistry in Earth Systems: Plastics or Energy	Danielle, Jodi, Maureen (JC)
GR2 Biology and Chemistry: Melting polar ice, rising sea level and effects of these on marine ecosystems, polar ecosystems	Edela, Asmau, Priyanka, Edna (JC) ecmuldong@gmail.com
GR 3 Biology: The Living Earth - Local ecology (biome, ecosystems, communities, ecological succession) and the impact of wildfires Can use iNaturalist for students to document their local organisms	Sarah, Crissy, Michael, Monica (GV)
GR 4 Physics: Using the beach cams, observe wave phenomena, and shore line erosion. Waves ; 5E	John (jwd0892@lausd.net), Donald (dday@ghctk12.com), Roger Hixon, Justin (justinmichael1101@gmail.com) (roger.hixon@simivalleyusd.org) (NH)
GR 5 Living Earth - Water crisis in Compton/Flint with the topic of environmental racism/justice	Erin, Kathy, Darlene (JC)
GR 6 Living Earth - Green space	Elahe, Ken, Peggy (GV)
GR 7 Living Earth - Natural Selection on Pollution (COVID-19)	Annette, Caroline, Christina D (GV)
GR 8 Air Pollution	Gail, Puja, Rashida (DNG)
GR 9 Fires	Eric Itow (Chem in Earth System) and Bill Grandi (Living Earth System) (Living Earth System) Meenakshi Bill Grandi - wjg7708@lausd.net Eric Itow - eitow@davincischools.org Meenakshi G. -NH
GR 10 - Santa Clara River	Diana, Mara, Nicole (NH)

1. Chemistry in Earth Systems: Plastics or Energy? Danielle, Jodi, Maureen

2. Edela, Asmau, Priyanka, Edna : Biology and Chemistry: Melting polar ice, rising sea level and effects of these on marine ecosystems, polar ecosystems

3. Biology: The Living Earth - Local ecology (biome, ecosystems, communities)

Can use iNaturalist for students to document their local organisms

Sarah, Crissy, Michael, Monica

4. Physics: Using the beach cams, observe wave phenomena and shore line erosion. (John Durbin) I love this idea - Donald Is there a 3rd homie? Great idea I have some experience with this one:) Roger Hixon would be okay in joining this group. YEAH!

5. Living Earth - Water crisis in Compton/Flint with the topic of environmental racism/justice (Erin)
Kathy Darlene

7. Living Earth - Elahe, Ken, Peggy

,
11. Living Earth - Annette, Caroline, Christina D. - Natural Selection on Pollution (COVID-19)

12. Air Pollution: Gail, Puja, Rashida

13. Something about Human Impacts on Natural Systems: Eric Itow (Chem in Earth System) and Bill Grandi (Living Earth System) Meenakshi

16. ,Griffin, Desso, Ellis
