What is your feedback to the issues raised by Roam Romagnoli today?

Name	Comment		
Kyle	I fully support the idea to extend the support to a Learning Community for our LGBTQIA+ students in addition to converting the Coordinator position into a 12 month staff position. Very much needed in general and especially in this moment. I commit to partner with the QRC to discuss best practices for supporting our LGBTQIA+ community		
Matthew	I agree- STNC funding to start seems really possible. I think what we are looking for is a dedication from our VPs to find some funding.		
Regina	Quick funding for students now- SEA Petition for a position to be created now- student led and backed Foundation funds to establish a position? - J Mullineaux		
	CONCRETE ACTIONS TO WHICH WE COMMIT TO TAKE INDIVIDUALLY AND COLLECTIVELY		
Matthew	Will speak with Jane and Pedro about funding possibilities		
Vanessa	Ask community based organizations (such as VOICES) to write a letter of support		
Delashay	Will commit with SGA to a demand for a full-time coordinator for QRC		
Amy	Will speak with Dean about moving funds from TC 21-22 budget to support this position.		
Nancy	Will share this idea with Academic Senate Exec, and would sign on to a letter to the BoT.
