

**Company : PedalStart**  
**Role: Growth Intern**

### **About PedalStart**

At PedalStart, we run a sector-agnostic early-stage startup accelerator fund supporting founders and backing them from Ideation till Pre-Series stages. Our mission is to empower founders with the resources and expertise necessary for rapid scaling. We typically write \$100-150k cheques across domains and actively invest in up rounds through our network of angels and VCs.

### **About Role:**

As a Growth Intern, you will have the unique opportunity to work closely with our core team and gain invaluable insights into the multifaceted operations of a leading startup accelerator. This internship offers hands-on experience across various aspects of our work, providing you with a comprehensive understanding of how we identify, nurture, and invest in promising startups.

### **Responsibilities may include (but are not limited to):**

- Connecting and meeting with PAN India incubation centers for startup scouting
- Partnerships and outreach to various stakeholders for our flagship event
- Helping in scaling the existing scouting channels for the startup screening team

### **Why intern at PedalStart?**

If you have a vision to start something of your own, this opportunity will interest you. Someone eager to learn how verticals scale in early-stage startups and be part of the decision-making process with your insights.

Looking for folks who are willing to be out of their comfort zone and are willing to work 6 days from the office

**What We Offer:** Full-time opportunities, Startup understanding, etc

**Stipend:** 15K per month

**Duration:** Minimum 2 months

**Location:** Gurgaon
