B2 Senior Dinner - A Night To Remember

The youth leaders presented a plan to the ward family history leader, who took it to his committee and then the ward council. Everyone loved the idea of "A Night to Remember" for the seniors in our ward. The hope was to help them get to know the youth and enjoy their company while recalling and recording their own memories. Along with that, this was a great way for the youth to get to know them and to hear their stories. In our ward, an annual dinner for the seniors (those 65 and older) has become a tradition.

Invitations were delivered, and rides arranged for all who needed them. Decorations around a 50's theme were set up and we borrowed aprons for the youth from the local arts council. Entertainment was arranged, and a timeline was set up on the stage to record special events of the lives of the seniors.

The youth also wanted to remember those in our ward who had passed on to the other side of the veil, so they created a display (reminiscent of the "Coco" movie). Ward members were willing to send articles and photos of their loved ones, and these were gathered ahead of time.

The youth helped prepare the food and were the servers. During the evening, they asked the seniors to fill out small forms with their names, dates, special events, and comments. These were placed on a timeline which was located on the front of the stage. We have used this timeline over and over and added events from ward members at each new occasion. We keep up our plan to help get these events recorded on FamilySearch for those who wrote them.

All in attendance enjoyed music from the 50's which was provided by ward members and friends.

We made a Google photo album of the event and shared it with ward members.

The seniors loved this so much and were sad to see the evening come to a close!

YOU ARE CORDIALLY INVITED TO
