

Biography:

6047 (GOAT) is a globally supported Los Angeles based open format electronic DJ & producer whose musical diversity is reflected in his mixes & productions. Influenced by the electronic styles of music of house, techno, synth-pop, italo disco, freestyle, & electro. Attention to detail is what is always present in his work. He is a specialist in programming concept & deconstructed mixes of which are a result of 22 years of experience & progression. A specialist in creating locked grooves & progressive mixes that range from noise to jungle. Rather than boring people with long-winded bios written in 3rd person about his musical accomplishments he prefers to let the music do all the talking.

His mixes have been aired on the best podcasts & radio stations worldwide which have been featured throughout 15 countries, 44 podcasts, & 210 shows.
