Winter Wear - Safety First: As you know, temperatures are beginning to drop, and New England weather is unpredictable. Please send your child to school in a warm jacket and appropriate winter clothing each day (long pants or leggings under shorts, jacket, hat, gloves and scarves). ***Winter snow boots and snow pants are required for those who would like to play in the snow during recess.*** We will be trying to get outside for recess as much as possible (20 minutes each day), unless it is below 20 degrees (temperature or wind chill). We want to make sure the children have appropriate clothing for the weather. Sweatshirts are not sufficient for 20 minutes of outdoor play when temperatures are below freezing.
