All social events are \$40 to attend without a membership, and all community classes are \$25. You can choose from either a **monthly** membership where you can attend 1 community class a month, choose from a **3-month** membership to see the program calendar ahead of time with access to both social events and our community class every month, or choose a **6-month** membership where you receive all the benefits you read above but can even choose to plan a special event with one of our managers!
