

Lego Mindstorm Club

Parent Newsletter

Parents,

Your child has been picked for Lego Mindstorms Club. Lego Mindstorms combines building with Legos and coding. It teaches you to code on the computer, so you can learn programming to make robots move. The first meeting for Lego Mindstorms Club will be Wednesday, January 25th. Students should meet at 7:25 in the office. The days we meet will be: Tuesdays, Wednesdays, and Fridays. Always 7:25. The Lego Mindstorms Club is a privilege. So, all members are expected to be on time, work together, and listen to directions. If your child does not follow the rules she/he may be replaced by someone else.

*Thank
You*

Ainsley McClard, Club President

I have read the letter and agree that my child should follow the Club rules.

Parent Signature: _____

I will follow the rules of Lego Mindstorm Club.

Student Signature: _____
