

Dear Commissioners,

My name is [NAME] and I am reaching out as a member of the Center for Asian Americans United for Self Empowerment's (CAUSE) network. Thank you for the opportunity to share my input on the draft visualization maps.

Although the Asian American Pacific Islander (AAPI) community is the fastest growing population in the nation, the AAPI community still lacks adequate political representation. The AAPI community must be able to elect representatives that will advocate for their interests. I commend the Commission on the most recent map of Little Saigon (Fountain Valley, Garden Grove, Westminster). At last, Little Saigon is no longer split into multiple districts and is in a district with communities that share common social and economic interests.

Little Saigon should be in a congressional district with other communities that share similar views on immigration policy. Family reunification and language access are important to Little Saigon's Vietnamese community. Many immigrated to the United States through family reunification and depend on language assistance services to access government services.

This is important to me because [.....]

Thank you again for the opportunity to share feedback.

Sincerely,
