

How to Customize Notifications in Parent Portal

While logged in to your parent portal account, select the person icon in the upper right corner and choose [Profile Options > Settings > Notification Settings](#).

Set notification preferences for assignments, grades, attendance, and more.

Assignments - You can set a notification for all assignments that are scored or only for assignments below a certain score.

Grades - You can set a notification for all assignments that are scored or only for assignments below a certain score.

Attendance - You may select to receive or not receive attendance updates.

Choose [Save](#) to lock your options.

Notification Settings

Select notifications to receive. Notifications are deleted after 30 days.

☒ Assignment is scored
