

**Booneville School
District School
Wellness Policy**

The Booneville School District affirms its commitment to providing a healthy environment for students and staff. The wellness policy has been developed with the involvement of the Booneville School District and School Health Councils. This wellness policy shall be reviewed and approved by the Booneville School Board annually.

All students in the Booneville School District shall possess the knowledge and skills necessary to make healthy choices that promote healthy lifestyles. All staff members in the Booneville School District are encouraged to model a lifestyle of healthy eating patterns and moderate physical activity as a valuable part of their daily lives.

To meet this goal, the Booneville School District adopts this school wellness policy with the following commitments to implementing a coordinated approach to school health. This policy is designed to effectively utilize school and community resources and to equitably serve the needs and interests of all students and staff, taking into consideration differences in culture.

Specifically, the federal legislation requires:

- Goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness in a manner that the local education agency determines is appropriate;
- Nutrition guidelines selected by the local educational agency for all foods available on each school campus under the local educational agency during the school day with the objectives of promoting student health and reducing childhood obesity;
- Assurances that guidelines for reimbursable school meals are not less restrictive than the regulations issued by the USDA;
- Ways of measuring how well the school wellness policy is being implemented, including designation of one or more persons at each school with operational responsibility for ensuring that the school is meeting the policy;
- Involvement of parents, students, representatives of the school food authority, the school board and school administrators, and the public, in developing the wellness policy.
