

Hey Lee,

Nice idea adding a "Please Subscribe To Our Channel" pop-up button on your website. It's a nice touch you added for those who just came to see who you are.

Matthew Hussey, explains a nice touch of his own where he has this 3-step plan he calls 'Traffic Tunnel,' to double his conversion rates in under a month.

If you apply this plan to your "How To Get My Ex Back Fast" landing page, you could significantly boost your conversion rate in the same timeframe.

I have some free time this Friday around 5:30 PM. Would you be up for a quick call to discuss how we can put this into use?

All the best,

Muhammed
