CHOICE BOARD OPTION DETAILS

Once you pick an option, you can either search for a blank template online to use or create your own to begin designing! Be sure to meet the requirements as listed below. When you're done, put all of your photos on one doc & label what options you picked.

Check the rubric on the next page before you submit.

Pennant Flag

Your flag should be colorful and represent our school. It needs to be more than just the school mascot name on it.

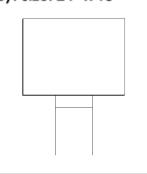

T-Shirt

The t-shirt should be fun and eye catching. It needs to have more on it than our school name. Make it interesting!

Yard Sign

People will be driving by the sign quickly, so while it shouldn't be boring, it also shouldn't be too busy. Size: 24" x 18"

Senior Spotlight

Start by creating a workspace that's 4" x 6". You need a spot for the student name, photo, and fun facts such as future plans, favorites, etc. Be sure to use school colors and easy to read fonts. This should be more than just a solid color with text.

Prom Ticket

Open a blank workspace that's 3" x 7" to use as your template. You are able to pick a theme such as "A starry night" or "Gatsby" to help design your ticket. You may look for inspiration, but don't copy something that's already done.

Pep Rally Items

To complete this task, you'll need to design all 3 items. Look for templates online to get started. They should all be in school colors and have a fun design to them. Students would be using these to cheer on the team!

SCHOOL SPIRIT CHOICE BOARD RUBRIC

Student Name: Submitted on: Hour: Submitted on:

Overall Project -Student submitted project on time and used class time wisely -All 3 options were put on one doc and were labeled when submitted Pennant Flag -Flag was in a proper pennant shape -Design used appropriate colors and items to represent the school in a creative way -Design bowed thought was put into it and looks professional and easy to comprehend -Photoshop techniques were neat & well done T-shirt -Design was appropriate for a t-shirt size -Design was appropriate way -Design showed thought was put into it and looks professional and easy to comprehend -Photoshop techniques were neat & well done Yard Sign -Sign was appropriately sized -Design was appropriately sized -Design was appropriately sized -Design was appropriately sized -Design ropersented the school and included student name, information, and other facts in an easily readable way -Design ropersented the school and included student name, information, and other facts in an easily readable way -Design ropersented the school and included student name, information, and other facts in an easily readable way -Design propersented the school and included student name, information, and other facts in an easily readable way -Design propersented the school and included student name, information, and other facts in an easily readable way -Posign showed thought was put into it and looks professional and easy to comprehend -Prom Ticket -Ticket was appropriately sized -Design had a theme to the prom carried throughout -Design showed thought was put into it and looks professional and easy to comprehend -Photoshop techniques were neat & well done -Pen Raily -All 3 items were designed and in the correct shapes/forms -Design used appropriate colors and items to represent the school in a creative way -Pesign showed thought was put into it and looks professional and easy to comprehend -Photoshop techniques were neat & well done	CRITERIA	POINTS	COMMENTS
