ASSESSMENT IN VIRTUAL EXCHANGE

GOOD PRACTICE TEMPLATE

Our aim is to collect practical examples of successful assessment procedures, practices and tools in Virtual Exchange to make them freely available to other practitioners on the project website.

We kindly ask you to provide details of and reflect on your assessment practice(s) in Virtual Exchange (VE). You may wish to focus on:

- € the whole process of assessment
- € a single assessment tool you found particularly useful
- € introducing assessment in VE in your institution
- € other assessment-related procedures

that worked particularly well

Please add any resources (templates, print screens, assessment criteria rubrics, examples of student work, etc.) that you believe may help other practitioners design, modify and/or improve their assessment practices.

Please feel free to write the description in language of your preference.

By sharing an example of a promising practice, you confirm that you:

- have been informed about the objectives of the study
- are authorised to share project information and documentation
- agree that the descriptions and the attached documents will be published on www.assessnet.site website under Creative Commons (CC BY-NC)[1] licence.

Thank you for sharing the details of your experience with us!
