Subject: Low-content books are HOT on Amazon, Etsy

Email Body

You know low-content books such as journals, coloring books, planners, activity books etc., are top selling on Amazon, Etsy or other self-publishing websites. And the opportunity to earn truly passive income.

Why do I say 'truly passive income'?

Well, these people spend a little time creating a low-content book. Like coloring pages, Journals etc. and publishing on such sites. Then, once they've published it, it's available to millions of hot buyers 24/7.

Earning them money without them having to do anything else again. Ever.

Now that's what I call Truly Passive!

Plus, they earn this passive income:

from anywhere in the world without writing books without a website or an email list or advertising and they also don't have to spend any money for this Sounds incredible, doesn't it?

Well, if you want a piece of this passive income pie, click the link now and get going!
