EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Full-stack Web Developer

Remote
October 2022 – Present

[Budget App](#)

A mobile web app to manage your budget: you have a list of transactions associated with a category, so you can see how much money you spend on the Budget App.

Built with: Ruby, Rails, PostgreSQL, HTML5, and CSS3.

[RBD School](#)

Developed a web application for RBD School in Madagascar, focusing on computer science, English, and chess education. Aimed to prepare students for international careers in technology. Currently, the site is under further development to enhance functionality and representation of the school's work.

Built with: Ruby, Rails, React, HTML5, CSS3, Bootstrap, and JavaScript.

Ruby on Rails Developer, DHK Group

Antananarivo, Madagascar
August 2024 – October 2024

- Developed new functionality for internal tools, optimizing processes and reducing task execution time by 50%.

MICROVERSE

Mentor

Remote
May 2023 - December 2023

- Mentored an average of three junior web developers per week, delivering technical support primarily through Zoom sessions.
- Conducted thorough code reviews and proposed enhancements to code organization, resulting in a notable 10% improvement in code quality and overall performance.

BACK-END DEVELOPER, Freelance

Antananarivo, Madagascar

Back-end Developer

October 2022 – March 2023

- Teamed up with a cross-functional trio to build and deploy a dynamic website, covering both frontend and backend development using Django, React, and PostgreSQL. Our collective efforts resulted in a notable 60% improvement in site performance, significantly enhancing the user experience.
- Fostered effective teamwork and communication within the project team, contributing to the successful delivery of project goals.

EDUCATION

MICROVERSE

March 2023 - December 2023

Remote Full Stack Web Development Program, Full-Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

IS-INFO UNIVERSITY

November 2013 – April 2017

Bachelor of Management Informatics (Informatique de gestion)

- Learned computer science and management.
- Learned web development and programming fundamentals.
