

---

Hi Marquand Zion R6 Parents,

We are excited to announce that we are partnering with [SWYE360](#) to provide your students with the opportunity to engage with their teachers in successful virtual instruction and learning. SWYE360 has created a Collaborative e-Learning Platform that is providing teachers with the ability to do live direct whole group and small group instruction with your students, create customized assessments and assignments to personalize and differentiate for students' needs, engage directly with you as the parent, and engage students so they won't want to stop learning. This platform will allow a teacher to do this all in one place for the benefit of your child and with the visibility for you as the parent. We believe this new technology will transform your student's education as we respond to the new landscape we have entered.

The teachers will be receiving professional development on this new tool. You will have access to a [User Guide](#) that will help you navigate your parent account, as well as assist your student(s) at home. [Here](#) is the link to register as a parent which can also be found on the User Guide.

If you need help while using the platform, please use the "Contact Us" button on the website.

Thank you for helping us make this a smooth transition, and we are excited to walk with you on this new journey.
