How to use the Texthelp Google PDF Reader with Google Classroom

[Last Modified on Wednesday, 19-Feb-2020 13:13:36 GMT](#)

If you are using Google Classroom you can use the Texthelp PDF Reader to turn in an assigned. To use this feature, teachers and students must have the **Classroom integration** option selected.

Enable Classroom Integration

To enable Classroom integration with the Texthelp PDF Reader, right click on the PDF Reader extension icon and select **Options**.

In Options tick **Enable Classroom Integration**

The **Open Classroom PDFs Directly** option should also be selected

Click the X button to close the Options window

The next time a PDF is opened with the PDF Reader you'll be prompted to grant permissions.

Teachers

First make sure that **Enable Classroom Integration** and **Open Classroom PDFs Directly** are selected in the PDF Reader Options.

To assign a PDF in Classroom, open a PDF and you'll see the Classroom button on the right side of the Texthelp PDF Reader toolbar.

Click the Classroom button and choose the class that you'd like to assign the PDF to. Then select from the **Choose action** dropdown:

- Create assignment
- Ask question
- Make an announcement
- Create material

Once your selection is made, click the **Go** button

After creating a title and adding instructions, select **Make a copy for each student** if you want students to turn in the assignment directly using the PDF Reader.

Click the **Assign** button.

Students will be notified about the assignment through Classroom.

Opening PDFs with Texthelp PDF Reader in Classroom Student Work Window

When assigned PDFs are annotated and returned by students they will appear in the Classroom **Student Work** window

To open PDFs with the Texthelp PDF Reader, click on a PDF that has been turned in for the assignment
