"News and comment of the El Toro Class"

Nash Flash

Gordie Nash

Half Moon Bay racing in an El Toro continued to be "Paradise Revisited.". Last Saturday was near perfect conditions for the four El Toros who blazed the trail on Hwy 1 to California's coast for the HMBYC monthly scheduled regatta for all classes. It was just like the old days of SBRA with multiple classes on the starting line and sailing different courses. But this was different, better, much better! El Toros were the second fleet to start! Lasers off first, El Toros, Coronado 15's then Cal 20's. The committee made it all look simple because the fleets were staggered. Smooth sailing with no fleet conflicts and no waiting around for a starting sequence. Three races before lunch, two after! There was fog, just enough to make it fun finding the marks. When the sun appeared it was warm.

This was the first appearance of a new class within the El Toro class...**Woodies**, a 'Smith Brothers' built mahogany hull with enough varnish gloss to reflect your appearance as raced by Packy Davis. Usually we see him in a Mercury or mini 12 meter. But his "new to him" El Toro is stunning.

The El Toro Class participation was warmly received by all on the water and at the club.

Saturday will be Richmond Yacht Club's [El Toro Stampede](#) – perfect regatta for juniors and seniors. The summer season will end with Sequoia Yacht Club's [CorkScrew Regatta](#) in three weeks, Saturday October 23rd.

More later.
