

Shivering, I pulled my holey sweater tighter around my chest to try and keep warm. Sitting at my desk in the corner of the classroom, my stomach yelled in protest...again. Even with kids all around, they had no idea how alone I felt, or how scared.

With Dad's addiction and Mom's mental illness, I learned at a very young age that I was alone in this world and had to figure out how to be my own cheerleader.

Fast forward to adulthood.

No college degree...

I'm pretty sure this pigeon was richer than me...

How the heck was I going to survive and make money?

Normal, corporate America didn't seem to fit me. I *absolutely hated it*.

Honestly...I never really "fit" in, ever since I was that scared little girl. (*Maybe you can relate?*)

Most of the time I felt “weird” or “crazy”....

...until I discovered my life purpose and accepted my greatest soul assignment working with other lightworkers and intuitives *to cheer them on*.

You know what? You're not crazy either.

And you don't have to do this alone.

It's not a coincidence you're here. (*Think about all the life events and tiny micro decisions that led you to reading these words at this exact moment...it's no accident you're here.*)

I want to help you uncover...

**How to get out of the matrix job you hate and create a spiritual business,
even if you hate where you're at and have no idea how to get out.**

I've helped thousands of lightworkers escape the matrix, drop into their soul purpose and do what they came to this planet to do.

So...

If nothing makes sense to you anymore...

If you're feeling stuck...

If you want to have a spiritual business...

Or if things just don't quite feel "right"

You're in the *right place*.

I want to make your lightworker journey fun and easy.

Say hello to the *30-Day Blueprint to Catalyze Your Divine Connection!*

This is your 30-day blueprint to get the codes and downloads to activate your spiritual gifts.

This program contains training videos, workbooks, and special assignments to help you master the spiritual practices so that you're deeply connected to the Divine, know how to cleanse your aura to stay energetically clean, and can activate your woo.

Here's what you get:

1 - Sacred Sovereignty Rituals - Making You and Your Connection to Spirit the Top Priority

I know you want to make time for yourself, but can't seem to find time for it.

You put everyone and everything first, feeling rushed *into* your day and all throughout the day.

You give to *everyone else* only to find yourself stressed, rushed, overwhelmed or exhausted.

Maybe you've tried a morning routine or meditation before and it hasn't "worked."

Trust me, this ISN'T that.

And, you might be thinking to yourself, I already have a morning ritual that's working just fine. Well, babe, if that were true, wouldn't you already have manifested your dream life?

Wouldn't you already be out of the matrix, making money with your spiritual business, and more financially abundant than you ever imagined?

You know how every so often you have to update the apps on your phone?

Right, that's because the software gets outdated. *Just like the archaic morning routines keeping you stuck in scarcity.*

When you dive into your *Sacred Ritual Upgrades*, you'll discover:

- The free life hack to connect with the Divine that never fails me
- How to get you out of fight or flight mode and living your best
- The key to finally know how and when to trust *yourself*
- How to transform your day with the Pillar of Light Activation

PLUS you're getting a month of sacred rituals with new assignments every week

I'm sure you've been on a plane and listened to the flight attendant remind you to put your oxygen mask on first. It's just as important to get the "oxygen" you need at the start of your day before you help everyone else.

The *Sacred Sovereignty Rituals* training is set up to slowly get you adjusted to your new routine. Trust me, I'm not going to ask you to start getting up an hour or two earlier cold turkey.

The truth is, if you did that, *it would never stick anyway.*

And if you've tried to get up early in the past and it didn't work, don't worry. *I gotchu girl!*

We'll start in tiny increments and add a new step every 7 days. It's totally doable. Thousands of students have come before you and been successful – *sometimes for the first time ever* – at keeping to a morning routine.

And, as you get deeper into your practice, you'll discover ways to connect to the Divine that you've likely never experienced before.

I promise after implementing the sacred sovereign rituals for four weeks your life will never be the same. *And*, I'm willing to bet that the routine will last, *unlike other routines you've tried.*

2 - Mastering Your 5 Bodies & Spiritual Hygiene

Did you know that you actually have 5 bodies!?!

We clean our physical bodies regularly, but so many Lightworkers are not also regularly cleaning their other four bodies.

That's how we end up getting dis-ease in our bodies.

It also makes us vulnerable to energies, dark entities, and beings that clog us and our auras up!

You need to know how to cleanse your energy fields, especially with all that's going on in the world so that you can stay sovereign. You'll never be able to live your purpose if the darkness keeps psychically attacking you!

It's easy to take a shower and clean off the dirt you can see. It's a bit trickier to clean off and clear out the muck on the *inside* that you can't see.

When you dive into this module, you'll discover:

- How to conduct a full body scan so you can cleanse your aura and energy (*& how to easily turn this into a quick daily practice*)
- The signs your *emotional* body has taken a beating and how to clear it
- When each of your four bodies are telling you that cleansing is needed (*you need to know the symptoms so you can take care of them*)
- The aura cleansing meditation that has helped thousands of lightworkers stay clear and in alignment
- How to audit your current life, create a life *you* design, identify the gap between the two, and how to create an action plan to bridge the two

I don't have to tell you how crazy the world is right now. All the negative energy affects you deeply and impacts your ability to use your gifts and serve those who need you.

Do not go another day without knowing how to cleanse all 5 bodies!

PLUS as a super fun BONUS, you'll also get a live mentoring call with me.

On this call, you'll get any of your questions answered and I will support you as best I can in taking the next steps on your life path.

Here's everything you get:

Sacred Sovereign Rituals (Value \$1997)

Spiritual Hygiene (Value \$1497)

Live mentoring call (Value \$2222)

*Modules include video training, workbook, special assignments, meditations, clearings, and more.

Total Value: \$5716!!!

Yours for just \$222.

The 30-Day Blueprint to Catalyze Your Divine Connection literally gives you the foundation of what you need to take the first step OUT of the matrix job you hate and into your destiny and your soul's purpose.

Why are sacred spiritual rituals and hygiene so important?

You cannot do the work you're meant to do in this world unless you're able to connect to the Divine.

The only way to truly help the people you're meant to help is to master your sacred spiritual rituals and master your spiritual hygiene, meaning knowing how to *assess and clear* your 5 bodies.

These sacred rituals truly lay the foundation for you to embody your true purpose as a lightworker on this planet.

How this program will work

As soon as you click the button to join, you'll get immediate access to the program materials.

It is self-study and you can do it at your own pace, however the homework is laid out to build up your morning ritual practice over the next four weeks. You'll get activities and assignments each day for seven days then build up to the next step, and repeat that for four weeks.

After the four weeks of building up your sacred spiritual rituals, you'll get the spiritual hygiene practices, assignments, and aura cleansing meditation. You must first master your connection to the Divine, then master your cleansing routines.

Frequently Asked Questions...

Q: Who is this for?

A: Anyone who knows deep down that you're a lightworker, a healer, a channel, a spirit guide, a medium, a psychic. All are welcome

Q: How much is it?

A: One investment of \$222. Why \$222? Because 2 on its own is a powerful number that is magnified when it comes in triple. 222 means transformation. It's a message from your higher self or angels trying to communicate with you to commit to your Lightworker journey and that they're with you and your life will soon transform.

The positive things you've been trying to manifest are going to come into fruition. Trust the process and know that you are being guided.

Q: When is the live call with Amber?

A: TBD. You will be notified within the next week.

Q: Is there a money-back guarantee?

A: I usually don't ever offer money-back guarantees because I have literally *thousands* of clients who've been through my programs and seen crazy success. Do the work inside these lessons. Implement the 4 weeks of sacred rituals, the cleansing of your five bodies and assignments related to this and I know you'll have results just like the other thousands of students.

What is the investment?

The full-fledged Lightworker Initiation program normally sells for \$5,000.

But you get this self-study course bundle (*valued at \$5716*) from that program for a one-time investment of only \$222.

I literally haven't sold anything (*especially access to live coaching from me!*) for this small of an investment in nearly ten years.

Why \$222? Because 222 is a sacred number. You're here reading this because your angels have guided you here and it's time for your life to transform.

Basically, 222 means transformation. The positive things you've been trying to manifest are going to come into fruition. Your angels brought you here and they'll continue to guide you through that process as you dive into the 30-Day Blueprint to Catalyze Your Divine Connection.
