About Me

Hey! I'm naya, born 1998 and from Germany. I've been on YouTube since 2012 and started to gain interest in Audio Mixing in 2013, since then I'm mixing covers and collabs. I also started to produce music like Arrangements and Originals two years ago and started to study Sound & Music Production at university last year.

I can mix 'Youtaite' stuff, Vocaloid and Kpop but I'm also *open for every song and genre!*
