Support</p>	

Motivate
Encourage each other towards success!

We create a safe and welcoming school environment where students receive the support and time they need to learn essential skills.

Current Data

- #1 At the MOY Acadience reading benchmark for the 2024-2025 school year, 43% of our students were at or above benchmark according to their composite score. 51% of our students were making typical or above typical growth. Our goal is to have 46% of our students at or above benchmark in reading with 54% making typical or better growth at MOY for the 2025-2026 school year.
- #2 At the MOY Acadience Math benchmark for the 2024-2025 school year, 48% of our students were at or above benchmark according to their composite score. 66% of our students were making typical or above typical growth. Our goal is to have 51% of our students at or above benchmark in math with 69% making typical or better growth at MOY for the 2025-2026 school year.
- Look over current [data](#)
- Questions? [Hollie- said she likes that we look at the growth as well as those who are meeting benchmark.](#)

Where should we go from here?

- Math
 - What we are going to tie to middle schools math facts
 - As a school, two years ago, we decided to use one math program (Engage NY/Eureka), so that each grade level were learning the same things, using the same language, etc.
 - Math Facts changed to have 3rd grade-50 questions; 4th grade- 75 questions; 5th grade 100 questions. This supports what students will have to do when they move on to middle school.
 - There may be a "District-Wide" math program that the district will be looking at. Not this year, but in the future.
-
- Reading
 - Not using RAZ to level every students
 -
- ?
- For school goals we will be looking at data from beginning of the year to end of the year, instead of middle of school year to middle of school year.
- Will be looking at the budget in the next 30 days to see what budget we have and the things that we will need.
- Waterford (Upstart) and DIBELS? Will those be continued in K-2? - The school is using Lexia in lieu of Waterford.

School Citizenship

- [Survey](#)
 - Students
 - Teachers
 - SCC
- Trying to collect at least 100 survey answers before moving forward with creating a rubric for teachers to follow.

Review Commitments to Action

- Working on creating a rubric for teachers to follow when giving out citizenship grades. Making sure that students, teachers, and this counsel is involved in this process.

Meeting was adjourned by Blake and seconded by Cole at 8:27am am
